WEDNESDAY MORNING, JULY 21, 1920.

REFERENDUM LIKELY ON RAILWAY WAGE AWARD.

Officials Make No Attempt to Conceal Disappointment Over \$600,000,000 Increase.

(BY A. P. NIGHT WIRE.)
CHICAGO, July 20.—Whether the specter of a nation-wide strike has been laid by the \$600,000,000 wage increase today to more than 1,800,000 railroad employees tonight is undecided.

Neighborhood officials made no attempt to conceal their disappointment that they did not get all of the billion-dollar increase. The belief grew, however, that they would submit a decision on this point was promised tomorrow by W. W. Cleveland, grand president of the Brotherhood of Railroad Employees.

Representatives accepted the proposition and immediately began to plan for a possible strike. The union has been asked to spread the word to its members to meet for a vote on the matter.

Incidentally, the union has been asked to spread the word to its members to meet for a vote on the matter.

JAP BARRED AS CITIZEN. BRYAN TO BE DRAFTED.

Not White and Free Drys to Nominate Him Today; Claim.

Wartime Naturalization Act Not Broad Enough to Include Everyone.

County Clerk's Refusal to Register Petitioner Proper Procedure.

(BY A. P. DAY WIRE.)
SACRAMENTO, July 20.—The petition of Ichizo Sato, Japanese, and former private in Co. D, Second Infantry, Hawaii, to force County Clerk Harry Hall by writ of mandate to register him as a voter of Sacramento county, was denied by Superior Judge C. O. Busick today on the ground that he is ineligible to become a citizen.

The contention of Judge Busick is that naturalization is open to only aliens who are free white persons, and Japanese are not such.

The War-time Naturalization Act, which was passed in 1918, specified that only "free white persons" or "free persons of African descent" were eligible for naturalization.

The court held that the term "any alien" was not broad enough to warrant the naturalization of aliens who are not white persons.

The court held that the term "any alien" was not broad enough to warrant the naturalization of aliens who are not white persons.

FIRST LADY GOES OUT SHOPPING.

Mrs. Wilson Gets Back, However, in Time to Join Husband in Ride.

(EXCLUSIVE DISPATCH.)
WASHINGTON, July 20.—Mrs. Wilson, wife of the President, relaxed her almost constant attention to her husband this afternoon and went for a stroll through the business district and Potomac Park for an hour.

Attired in a modish summer gown and carrying a light pink parasol, she left the White House grounds through one of the front gates and was hardly noticed by the pedestrians.

After walking leisurely past the shop windows, occasionally stopping to take a glimpse at attractive offerings, the "first lady of the land" wound her way through the crowds back to the executive mansion in time to take the daily motor ride through the parks with the President.

Yesterday the delegates appeared certain that Mr. Bryan would accept. Today a group of national committee members were called into conference by Mr. Bryan, and he confidentially informed them that he did not want the nomination.

ALLIES TO AID POLES. BRITAIN DEMANDS REPLY AT ONCE FROM RUSSIANS.

Cabinet Decides That if Bolsheviks Enter Poland It Will be Considered Act of War.

(BY JOHN STEELE.)
LONDON, July 20.—The British Cabinet meeting this afternoon decided to inform Russia that the reply to the Polish note was unsatisfactory and to demand a categorical answer immediately if it will make peace with Poland or not.

The Cabinet decided that if Russia crosses the Polish border it will be considered an act of war upon the Allies, and steps will be taken to prosecute a war vigorously.

OLE HANSON TESTIFIES AT HEARING.

Former Seattle Mayor is Witness at Trial of Communist-Laborites.

(EXCLUSIVE DISPATCH.)
CHICAGO, July 20.—Ole Hanson, former Mayor of Seattle, and one of the two star witnesses for the State in the trial of the twenty members of the Communist-Labor party, took the stand today.

Attorneys for the defense immediately set up a vigorous barrage of objections to every question asked Mr. Hanson, but he managed to give a running account of the shipyard strike in Seattle.

He is a member in good standing of the I. O. O. F. and told of working in the shipyards.

"I went to the second mass meeting which was held at the shipyard," he testified, "and heard the speeches made by the radical leaders."

He testified that he was in high feather over the speech of Theodore Roosevelt, E. H. Hall, editor of most of the radical papers, and that he was "out of the way and we can go ahead with our plan."

He testified that he was in high feather over the speech of Theodore Roosevelt, E. H. Hall, editor of most of the radical papers, and that he was "out of the way and we can go ahead with our plan."

Committee Is Preparing Bill to Restrict Japanese Immigration.

JAPANESE ASSIMILATION NOW UNCONSCIOUS FACT.

Statement Startles Congressional Investigators; Even Orientals Favor Selective Exclusion.

Startling the hundred or more persons in attendance at the hearing conducted yesterday by a subcommittee of the House Committee on Immigration and Naturalization, K. S. Inui, professor in the University of Southern California, made the surprising statement that Southern California is unconsciously assimilating the Japanese race.

Prof. Inui backed up his assertion with charts apparently affording substantial proof of his assertions. His assertion was in answer to Congressman King's query if he thought the Japanese could be assimilated.

"They are being assimilated every day," said Prof. Inui. "Whether Southern California wishes to do so or not it is absorbing the Japanese people biologically, and will continue to do so in even a greater degree as time goes on."

Asked to explain what he meant, Prof. Inui said: "The Japanese people who have been here for some time have a complexion much different than that of the Japanese living in Japan. The children of these Japanese of ours are even lighter in color of skin, and the skin of their children will be still lighter. Climate makes this difference."

Prof. Inui also stated that the climate of California has considerable effect upon the growth of Japanese children, in proof of which statement he offered a chart showing that the Japanese-born boy of 7 years weighs an average of 42.3 pounds; the American-born Japanese boy of that age averages 38.5 pounds, while girls of that age weigh 40.4 pounds if born in Japan or 37.6 pounds if born in the United States. His chart also shows that there is also a considerable deviation in stature.

H. C. Hurley, pastor of the Garden Methodist Church, testified that his church has more Japanese members than any other church in America, and that the Japanese might observe Sunday more than they do if Americans did not demand fresh vegetables at daybreak Monday. He blamed the white man for making a Sabbath-breaker of the little brown man.

SAVES FEW HERE.
Before Prof. Inui finished testifying he declared that there is too much misunderstanding in this state on the Japanese question. As an instance, he stated that several days ago it was asserted that 19,000 picture brides have entered the country. He declared that the number is probably not one-fourth that large and pointed out that it was obtained from the number of the passports of the Japanese girls, which he asserted were no indication, as the numbers at one port might run from 1000 to 1000, and from 5000 to 10,000 at another port, while San Francisco might be running from 10,000 to 20,000, the latter figure being no indication that 20,000 Japanese women had arrived.

Tayo Sakakima, Japanese secretary of Y.W.C.A. Americanization branch, told the subcommittee that the adult Japanese are not adopting American ways as rapidly as their children are, and that owing to the

Los Angeles Public Men Assist Congressional Committee Investigating Orientals.

Left to right, reading around in half-circle: Dr. George Clements of the agricultural department of the Chamber of Commerce, Congressman J. Will Taylor, Congressman King, Miss Yaeiko Kojima, Mrs. E. G. Kojima, Mrs. Minnie Inui, the latter born in Nevada, the other two born in Japan, but not picture brides.

he saw no danger in their activity here.

A number of other persons appeared before the committee and gave their impressions of the Japanese problem. The sentiment, including that of the Japanese, seemed strongly in favor of absolute exclusion of the Japanese until such time as the country can determine whether or not the Japanese are assimilating. Prof. Inui stated he was in favor of the bill which will allow every country to send in a certain number of carefully selected immigrants each year and not draw the line against any one civilized race.

Sessions in San Francisco concluded tonight with testimony by Chester H. Rowell, editor of the Fresno Republican. Tomorrow Chairman Johnson and Representative Siegel will hold a hearing in Fresno, while three others of the congressional party will visit Pigeon county.

KAWAKAMI'S ACTIVITIES.

SAN FRANCISCO, July 20.—K. K. Kawakami, Japanese author and publicity agent, was questioned again concerning Japanese activities on the Pacific Coast during the war at today's hearing of the House Immigration Committee.

Yesterday he was questioned closely about his so-called decoy letters for Senator Phelan and denied that he had obtained information about San Francisco postoffice matters from the sister of Prof. Ishihashi of Stanford University, who was censoring letters from Japan.

Kawakami replied that he had not. "Didn't you talk to two Japanese army officers?" continued Chairman Johnson.

"No," answered Kawakami. "Your remarks are very interesting. Apparently, some sinister influence is behind these questions."

Johnson asked if Kawakami had had working for him during the war a person named Sakai, but the witness said he knew of no such man.

"Well, I have every reason to believe he was a member of the Japanese intelligence service," announced Johnson.

Kawakami repeated that he did not know Sakai, and left the witness chair with a sigh. A few seconds later he was hurried back to the chair.

"If this is an answer your question now," he told Chairman Johnson. "You must mean Mr. Kasai, my white friend who in the fall of 1917 while he engaged in some trading business with Japan."

He went on to say that Kasai was his health officer for a long time, and that he always bore a good reputation among American missionaries in this country.

"Well, perhaps you can tell me," Dr. Johnson said, "why so many young Japanese consider it their duty to send copies of letters to their consuls and make other reports? I often have wondered if it was exuberance of spirit and patriotism for their country that prompted them to do such things as looking into my mail in Tacoma hotels."

Dr. Johnson said he supposed it was excess of zeal.

JAPANESE IN HAWAII.
Rev. A. W. Palmer, pastor of Central Union Congregational Church of Honolulu, formerly connected with churches in Oakland and Redlands, Cal., told of the Japanese situation in Hawaii.

He said that where the Japanese had been Christianized and educated in public schools they had been Americanized and that the territorial American Legion post was leading an Americanization movement. Thousands of young Japanese have renounced allegiance to Japan, he said, and the third generation, if not the second, certainly could be considered sufficiently American.

Dr. Palmer said that as a Californian he could not help feeling that immigration should be restricted, and that no one should be admitted to this country unless he was a native-born American citizen. He believed the restrictions should come by treaty and not by local law.

Dr. Elwood Mead of the University of California told of feeling against Japanese holding land in the Turlock district, and Herbert G. Suckerman said Japanese were

satisfactory laborers in the San Joaquin River delta.

At a luncheon tendered the Congressmen by the Chinese Six Companies (Chinese Consolidated Benevolent Association) Chairman Johnson announced that the committee was working on an immigration bill which would admit to this country for a limited time under passport regulations, merchants, lawyers and others, and would require permanent residents to agree in writing to certain things to keep their part of the bargain about becoming Americanized.

Sessions in San Francisco concluded tonight with testimony by Chester H. Rowell, editor of the Fresno Republican. Tomorrow Chairman Johnson and Representative Siegel will hold a hearing in Fresno, while three others of the congressional party will visit Pigeon county.

JAPS DEFY SEWAGE LAWS.

Irrigate Garden Tracts with Effluent, Says County Health Board Report.

Declaring that the health and even the lives of the community are menaced by polluted food products resulting from Japanese violations of the State health laws, the County Board of Health yesterday submitted a new special report on the "Menace of the Japanese to public health" to Supervisor Bean.

The report reveals amazing conditions under which, it is asserted, 50 per cent of the vegetables and fruits raised in the county are irrigated with sewage effluent. In one case, according to the report, a sewage pump hole was left uncovered and without signs, and Mexican children were found using it for a swimming pool.

That Japanese farms are infested with large black rats, carriers of infections, is also pointed out in the report, and it is charged that a slight increase in typhoid fever cases in the county for the past two years is due to Japanese violation of State and county sanitation laws.

The report, as released by Mr. Bean yesterday, is as follows: "The county health department has had great difficulty in enforcing the sanitary laws and regulations, owing to the efforts of the Japanese, who are determined to keep their products free from inspection, legal obstacles, difficulties due to language, and, finally, an apparent obstinacy of character. The history of the last five or six years in improving sanitary conditions relative to hog raising, vegetable production and general unsanitary conditions among the Japanese, can be illustrated in the story of one case of typhoid fever, which is typical of the situation in the county."

Those who question the need for regulating the Japanese in California surely need no better proof than the serious danger illustrated herewith to public health.

JAPS RAISE FOUR-FIFTHS.
"It must first be understood that the Japanese raise about 80 per cent of the truck garden materials grown in Los Angeles county; that they are engaged in the raising of hogs fed from garbage and have sought extensively to obtain the use of sewage for irrigation purposes, and that the health department, under the direction of the Board of Supervisors, and particularly Supervisor Bean, has been endeavoring to bring about proper control over the sanitation of the food products in the rural districts."

Theoretically, the use of sewage in farming is possible and has much to be said for it. A practical public health standpoint the human factor brings in a grave element of danger, in that crops are grown and marketed contrary to the State regulations regardless of consequences. The situation and history of our experiences at the Pasadena Sewer Farm point the need to much more serious concern on this subject. The county has had a remarkably low record in regard to the prevalence of typhoid fever. During the last two years, however, we noted a slight increase.

"Investigation of twenty-eight cases during 1918 led to the facts that six of the cases had occurred among the Japanese, five of whom resided in the general district surrounding the Pasadena Sewer Farm. One of these cases actually occurred on the sewer farm. Four others occurred at the home of the man who had charge of the Japanese section of the Pasadena Sewer Farm. Investigation showed that vegetables were being irrigated with sewage effluent, and that the sewage was being eaten by the consuming public, without being cooked."

PICK REEKLING BERRIES.
On July 19, 1919, the County Health Officer, Dr. L. P. Pomeroy, found that the Japanese employed by one J. Okamoto were actually picking strawberries and other berries while the ground surrounding the plants was reeking with sewage effluent. Although specific instructions had been given, not only by the county, but by the State health department, and also by the engineering department, that such practice was contrary to law, nevertheless, it was found that the Japanese section of the Pasadena Sewer Farm had been given no special attention by the health department has caused continuous prosecutions through the District Attorney's office to bring about proper observance of the law.

Through legal technicalities and

various delays, the Japanese have continued to operate a section of the sewer farm. Finally during the summer of 1920 evidence was obtained that rhubarb was being harvested while still wet with sewage. Complaints were issued by the District Attorney's office and such portions of the crop as were on land were placed in quarantine and later required to be sent to the cannery.

"Okamoto was convicted, fined \$150 and sentenced to ninety days in jail. The jail sentence was remitted provided he carried out all the rules and regulations relative to the use of sewage in irrigating vegetables. Under the circumstances we felt warranted in placing a guard on the premises to see if the regulations were being complied with."

"The State Board of Health forbids the use of sewage on garden truck intended to be eaten raw. Such crops, however, may be raised if the products are intended to be canned, but in this case special consent must be obtained."

MANAGE LAW EVASION.
"In spite of the fact that Mr. Okamoto was under probationary orders and that the health department had a guard on the premises, a shipment of bush berries which had been irrigated with sewage was shipped off the ranch and sold to be eaten raw. Fortunately our quarantine officer found this out in time so that the shipment was seized and caused to be sent to the cannery. This circumstance, which took place during this present summer, illustrates a peculiar characteristic of the Japanese."

"Garden truck which is usually consumed before human consumption, may be watered with sewage provided that no sewage is applied to the soil for at least one month before harvesting. Such crops are green corn, cabbage, cauliflower, etc. This provision of the law has been violated."

Entered as second class matter, December 4, 1911, at the Postoffice at Los Angeles, under the Act of March 3, 1879.

WEDNESDAY MORNING, JULY 21, 1920. Vol. XXIII, No. 110.

lated time and again on the Pasadena sewer farm by the Japanese in spite of repeated warnings and prosecutions. The section which Okamoto controls has no water supply other than sewage and it would be impossible to raise garden truck successfully if it were not watered for thirty days during the summer months.

Investigations show further that Okamoto was endeavoring to obtain control over the sewage effluent of many cities throughout Southern California; that undoubtedly he had back of him a big organization assisting in his protection and financial support. In view of the great difficulty in enforcing the sanitary laws among these people, the health officer recommended to the city of Pasadena that the removal of the Japanese from the premises was justifiable.

"Not only was the use of sewage in a manner contrary to law, but also, the general sanitary conditions were bad. The Japanese section of the ranch was alive with large black rats. The quarantine guard also actually found the sewage pump hole was being used by Mexican children as a swimming pool, there being no protection afforded by fencing, nor other means."

STILL CLING TO LAND.
"A letter was received from H. E. Newell, Commissioner of Public Safety in Pasadena, promising to aid us in getting the Japanese off the sewer farm by the 1st inst. At the present date, the 20th inst., we find that the Japanese are planning to plant other crops and there is no evidence that they intend to vacate the premises at all."

"Words fail to convey the amount of labor and trouble incurred in carrying out the law in cases of this kind. Undoubtedly the increased typhoid fever throughout the county and perhaps other intestinal diseases can be definitely traced to conditions of this kind. From a public health standpoint, we are required to follow the due process of law and this is not an other line of dealing with the situation. Either the Japanese should be excluded from the use of sewage in irrigating vegetables, or the use of sewage for irrigation should be prohibited entirely."

"The history of the hog industry among the Japanese relative to garbage and the handling of food products in many other lines of the Japanese is only a repetition of the Okamoto case, as outlined. The grave menace to the health of this district which rests upon the great development of truck garden farming by Japanese surely cannot be neglected."

While Turk was arrested, the thirty-seventh Coast Artillery, under the command of Major J. H. Rourke, during a column of the daughter of Leon Ponce, a Mexican, fell into the river and was drowned. Now he owns a vineyard, he have to go to France to be released.

PERU SOON TO HAVE AVIATION SCHOOL.
LIMA (Peru) July 19.—The commercial aviation school to be established in Lima and American and Peruvian capital \$10,000, it was announced yesterday. Three American pilots and planes already are here and are under way on an airfield.

All America is hailing the grime play, now in its fourth week at the Casino Real Amphitheatre, Hollywood. Superb lighting effects, and exquisite music enhance the dramatic value of the production. Reservations by phone, Broadway 3 and 57334.

The Euphonia Player
is capable of doubling the interest and pleasure in your every-day life. It will do as much for every member of the family. It combines instrument for practice by hand and the ability of a virtuoso to play it for you.

Why not invest your entertainment money for a year or two in a player piano and have something in addition to a good time to show for it?

The Euphonia is the answer.
Following are some Euphonia features, found only in players priced \$150 or more:

(a) It is modestly satisfying.
(b) It has the Miltar Keyboard, providing a touch and a leverage that makes the first types a pleasure to operate.
(c) It transposes, playing the wonderful new Wood Block in the key that suits your voice. Unlike any other feature when transposition is in use.

(d) The case is plain, neat, small and is no competing with the style of the instrument.
(e) The component parts of these instruments are identical with those which were awarded gold medals at the P. E. E. for precision of workmanship and excellence of finish.

(f) They may be had in three styles—reproducing, with features, and fully reproducing, elegantly decorated.

WEDNESDAY MORNING
WILSON'S MAN
National Comm
Issues Statement.

Election Means For
Years of Wilson.

War's Surrender Con
photo, it is Claimed.

CHICAGO, July 20.—G
Nelson, an air pilot, former
government service, must
minutes of each week to
wife's alimony. She will
literally "up in the air"
length of time in order
with a decree issued today
Trude, in and has been
in the matter of paying alim
his wife brought him today
day.

"He gets a dollar a week
carrying passengers," said
the 110 a week the court
"Yes, I believe he can afford
minutes of his time each
Trude, in and has been
in the matter of paying alim
his wife brought him today
day."

"I'll enter a motion for
the order," replied the judge
he was willing to pay, but
offered to give his wife a
free ride.

NEW YORK MAN GIVES VINEYARD IN FRANCE.
WHILE SOLDIER IN ARMY
SAVED FRENCH GIRL
NOW GETS REWARD.

NEW YORK, July 20.—G
parsons, a Bordeaux lawyer,
last night on Harry Turk, a
famous street here, and told
he, Turk, was the owner of
this kind. From a public
standpoint, we are required to follow
the due process of law and this is
not an other line of dealing
with the situation. Either the
Japanese should be excluded from
the use of sewage in irrigating
vegetables, or the use of sewage
for irrigation should be prohibited
entirely."

"The history of the hog industry
among the Japanese relative to
garbage and the handling of food
products in many other lines of
the Japanese is only a repetition
of the Okamoto case, as outlined.
The grave menace to the health
of this district which rests upon
the great development of truck
garden farming by Japanese
surely cannot be neglected."

While Turk was arrested, the
thirty-seventh Coast Artillery,
under the command of Major
J. H. Rourke, during a column
of the daughter of Leon Ponce,
a Mexican, fell into the river
and was drowned. Now he owns
a vineyard, he have to go to
France to be released.

PERU SOON TO HAVE AVIATION SCHOOL.
LIMA (Peru) July 19.—The
commercial aviation school to
be established in Lima and
American and Peruvian capital
\$10,000, it was announced
yesterday. Three American
pilots and planes already are
here and are under way on an
airfield.

All America is hailing the
grime play, now in its fourth
week at the Casino Real
Amphitheatre, Hollywood. Superb
lighting effects, and exquisite
music enhance the dramatic
value of the production. Reservations
by phone, Broadway 3 and 57334.

TAP'S POLITICAL PREVIEW.

President Discusses the Fortunes of the League of Nations in the Hands of Harding or Cox, and Determines the Trend on This Subject.

BY WILLIAM HOWARD TAFT.

In the case of the Republicans, so in that of the Democrats, the platform declarations in respect to the League of Nations are of great importance in the light of what their representatives in authority have said. A two-thirds majority of the Senate voted for the League with the Lodge reservation. We have every reason to expect, therefore, that they will accept it if opportunity offers and that one of the two will be elected President, will give them that opportunity.

The Democrats, if Gov. Wilson is elected, will give them that opportunity. The platform of the Democrats, if Gov. Wilson is elected, will give them that opportunity. The platform of the Democrats, if Gov. Wilson is elected, will give them that opportunity.

sage of January 8, 1918, and their meaning is embodied exactly in the words of Article X.

The article is Mr. Wilson's child. The platform felicitates him on the adoption of the League "so near akin to previously expressed American ideals." It then commends him for "steadfastly standing for the covenant" agreed to "by all the Allies against Germany."

The platform then indorses "his firm stand against reservations designed to cut to pieces the vital provisions of the Versailles Treaty."

NO RESERVATIONS. It then proceeds: "We advocate the immediate ratification of the treaty without reservation which would impair its essential integrity; but do not oppose the acceptance of any reservations making clear or more specific the obligation of the United States to the League associates."

This last clause is only a consent to purely interpretative reservations. It does not in the slightest degree countenance any such reservation as that proposed by the Republicans for Article X, which did not merely make clearer or more specific the obligations of the United States under the treaty, but took away any binding obligation of the United States at all under its provisions. It was the Republican reservation as to Article X which Mr. Wilson attacked not once, but often. He said that

Article X was the heart of the League and that the reservation was a knife aimed at its life. He said that if Article X was substantially impaired, the League was not worth saving.

On this ground he called on the Democratic Senators to reject the League with the Republican reservations, which they did twice at his behest.

The crux of the controversy between the Republican Senators and Mr. Wilson in respect to the League was Article X. The language of the Democratic platform in respect to the League of Nations was doubtless approved by Mr. Wilson.

It was well and carefully drawn and was plainly intended to conserve the issue over Article X.

Mr. Cox has in his published utterances of recent date insisted that the League of Nations as the League must be approved.

In the light of the foregoing it is inconceivable that Mr. Cox, elected as President upon such a platform, could consent to the Republican reservation as to Article X. In the event of Democratic success, therefore, and with the certainty of the presence in the next Senate of Republican Senators to prevent ratification of Article X, we should have another deadlock and a continuance of the state of war with Germany.

But it may be asked: Why will

not the same deadlock result if Mr. Harding is elected?

Are there not Democrats enough assured in the next Senate to block ratification of the League with the Republican reservations?

It can be shown that the attitude of the Democratic Senators—nearly all of them—was one of concession in respect to Article X, and other parts of the treaty, and that but for the intervention and veto of Mr. Wilson there would have been no difficulty in securing the needed seven Democratic votes to ratify the treaty with Republican reservations, and that, in the event of Republican success and the absence of a Democratic President, these seven Democratic votes can in all probability be had. It will, however, require the space of another article to state the basis for this conclusion.

WAGE INCREASE UNSATISFACTORY

Union Railroad Men Declare Rise Will not Satisfy.

Philadelphia Yardmen are Considering Strike.

Pennsylvania Continues to Lay Off Workers.

[EXCLUSIVE DISPATCH.]

PHILADELPHIA, July 20.—General dissatisfaction at the award of the Railway Labor Board to railroad men was expressed here today, following the announcement from Chicago that approximately 21 per cent was the average increase made by the board in trainmen's wages.

The leaders of both outlaw and brotherhood men decided their demands had been for advances ranging from 35 to 55 per cent and 21 per cent increase would not satisfy them.

While brotherhood representatives here generally were loath to make any expressions on the award, due to the fact that their national leaders in Chicago were conferring on the board's action, they declared that in putting the facts before the board they had made their requests in true faith.

Try all said the demand for increases which had been made for brotherhood men were actually necessities, and not based upon the expectation of having them reduced.

YARDMEN OUTSPOKEN. Leaders of the vacationists among the yardmen were outspoken in their disagreement with the board that the increases were sufficient. While the railroads here have been making light of the strike among the yardmen, the latter's representatives claim they still have their 1000 men on strike in the Philadelphia district.

These men have been meeting since their walkout weeks ago, and make the claim that they have the freight yards still tied up generally. It was said by leaders today that meetings of these men in St. Louis, Chicago, Jersey City, Baltimore, Philadelphia and other centers where there are still numbers of the yardmen on strike, will be held tomorrow to take a referendum vote on the possibility of continuing the strike or returning to work.

Little talk of striking other than among the yardmen is heard among trainmen; they all are awaiting word from their representatives in Chicago, which is expected tomorrow.

The strikers are gloating among themselves, that despite the Pennsylvania notice of reduction of force no men are to be dropped from the transportation service. They point to the fact that the roads are advertising for new men as evidence of the fact that this service, at least, is hard up for men, due to the strike.

Pennsylvania officials today had nothing to add to the announcement of laying off of employees other than the assurance that the road would do its best to place these men in other divisions.

At a meeting of vacationists at Eagle Temple today, speakers were applauded when they declared that the 21 per cent award would not suit the yardmen. The men declare the award of back pay from May 1 is a move to do them out of pay from January, 1918, for which they agreed to stand.

FORTIFY THE COMPLEXION AGAINST SUN AND WIND

MANY a lovely complexion has been marred through neglect of its owner to protect the skin against the changes wrought through unusual exposure to sun and wind. Now that the season of outdoor play and recreation is at hand, every woman should consistently use Santiseptic Lotion, that delightful and indispensable toilet luxury which affords absolute protection to the most delicate complexion. Summer suns and strong breezes have no terrors for the woman who uses Santiseptic; it gives

absolute protection from sunburn, windburn, tan and freckles; it keeps the skin soft and cool, imparting to it a wholesome, velvety texture. Santiseptic also always irritation and itching in cases of insect bites; it is delightfully soothing and refreshing. It is prepared in a pleasant and unobtrusive form in tints of white, flesh and brunette.

Santiseptic is easily procured at most drug stores and toilet goods counters and costs but fifty cents.—[Advertisement.]

BRYAN USELESS DEMOCRATS SAY

Informal Conference of Cox
and Leaders Important.

Bourbons Believe Influence
of Peerless One Harmful.

Candidate is Silent on Dry
and Wet Questions.

BY ROBERT B. ARMSTRONG.

WASHINGTON, July 19.—More genuine interest would attach to the informal conference held by Gov. Cox during his brief visit here than to what went on in the White House confab of yesterday if all of the facts were disclosed.

The White House meeting was merely a matter of yielding to the whims of a sick man who still wields considerable influence among a certain element of the Democratic party and who remains somewhat powerful because of the vast amount of Federal machinery yet in his control that is of value to the campaign. Mr. Cox came here recon-

ceded to the surrender regardless of his own views on the League of Nations, observers say, and he yielded to Mr. Wilson without any regrets. It is learned, however, that the Democratic candidate was thoughtful in some of the informal conferences with other Democrats. What was annoying him most appeared to be the wet and dry question. He sought advice on what he should say or whether he should say anything. Having a wet record as Ohio's executive, and furthermore, having expressed himself a few weeks ago on the side of wine and beer, he was in doubt about how to deal with the question in his letter of acceptance. He was told it were better to let the question severely alone because the objections of the drys could not be overcome by a promise of law enforcement. He had reached a decision as to his attitude toward William Jennings Bryan, which will be followed in relation to the liquor question. Bryan, it is learned, he counts as irreconcilable and more-over calculated to do more harm than good for the Democratic cause this year if brought into line. There will be no overtures of any sort made to Mr. Bryan. It was said today, the Presidential candidate being of the opinion that the Bryan strength all lies in the West, which is hopelessly dry anyway. Mr. Bryan, it is figured, could not save a single Western State from going against the Democratic ticket and his open support would do immeasurable harm in the East, where the hope is the large wet States of New York, New Jersey and Massachusetts.

BRITISH ASK AIR SUBSIDY.

Million Dollars Wanted by
Committee to Aid Aviation.

Must Hold the Position Won
in War, Members Agree.

Will Help Companies Flying
on Approved Routes.

(EXCLUSIVE DISPATCH.)

WASHINGTON, July 20.—The advisory committee set up by the British government to consider what steps should be taken to develop civil flying, has reported in favor of a state subsidy to be limited to a maximum of \$1,000,000 for a period of two years, according to word received here.

This committee was hastily re-

mitted, the report says, that it is of the highest importance that British prestige in the air, won during the war, should not be lost, and that every effort should be made to maintain designing staffs at high level by the placing of orders for experimental machines by the air ministry.

Other recommendations of the committee are that assistance should only be given to companies proceeding on approved routes, and should be calculated on a basis of 25 per cent of the total gross revenue earned by the carriage of passengers, mails or goods.

The approved routes will be London to Paris and extensions, London to Brussels and extensions and England and Scandinavia.

WOMEN UNIVERSITY
STUDENTS DISMISSED.

STANFORD UNIVERSITY, July 20.—Dismissal of two women students here for conduct incompatible with standards of the university was announced today by Miss Harriet Bradford, dean of women.

According to a report that the girls were dismissed for smoking, Miss Bradford said that although they had been reprimanded for smoking, this was only an incident of the ill-advised conduct in which they had persisted despite previous warning.

STARTING July 1, Frank's Cafe, 6009 Hollywood Boulevard, will keep open from 2:30 a. m. till 2 a. m. to accommodate all our customers.

THURSDAY—Not Today—THURSDAY

420 Pairs of Chamoisette Gloves
180 Pairs of Silk Gloves
At \$1.29 a Pair

600 Pairs of Gloves for warm weather—Gloves that are easily and quickly tubbed—reduced for the last two days of the July Clearance. These are the smart Slip-Ons with strap wrists.

180 Pairs of Silk Gloves in three models; all white; white with black stitching and piping; white with black stitching and pin tucked at the wrist.

420 Pairs of Chamoisette—very similar to chamois—white with black stitching; beaver with black stitching.

For Thursday—and Friday if any are left—Chamoisette and Silk at one price, \$1.29.

FIRST FLOOR

St. Gall
Laces
at 95c

500 Yards of St. Gall Laces, including Venise and oriental effects. Smart styles for collars, blouses and frocks.

For tomorrow, 500 yards at a new—and very low—price, 95c.

FIRST FLOOR

400 Swiss Ribbed
Cotton Vests at 48c

400 Swiss Ribbed Cotton Vests—of that especially fine texture that only the mills of Switzerland are able to produce—are now priced at 48c.

They are Vests that are right in every particular—in weight, in fit and in wearing qualities.

The models in white have regulation shoulder straps and hand-crocheted yokes.

The Vests in pale pink are in bodice style with band tops.

For Thursday—400 Swiss Ribbed Cotton Vests at 48c.

FOURTH FLOOR

250 Girls' School Middies
at \$2.95

250 Middies, of the style adopted by several High Schools, are priced unusually low, at \$2.95.

Girls find this regulation middie such a practical and becoming garment that they are taking it with them on vacations.

They are made of good twilled muslin with detachable collar and cuffs. The collar buttons on with pearl buttons. They are well made and launder very satisfactorily.

250 Middies at \$2.95.

FOURTH FLOOR

Crash Towels—
Hemmed or by
the Yard

Crash—the material that is always liked for its soft, absorbent qualities and durability—is reduced in price for tomorrow.

400 Yards of 16-inch Crash Toweling at 20c.

180 Yards of heavy 18-inch Crash at 27½c.

1050 Yards of 17-inch part-linen Crash, stoutly woven, at 30c.

200 Yards of 17-inch all-linen Crash Toweling for hand or roller Towels, at 40c.

Dish Towels

450 Yards of 16x34 striped Dish Towels of very soft quality, particularly good for glasses, at 30c each.

SECOND FLOOR

Draperies
Greatly Reduced
Now Priced at 39c

The Drapery Section is offering Marquisees at less than half and Cretonnes at one-third their former prices. Both fabrics are late in design and coloring.

2000 Yards of White and Colored Marquisee—the drapery that transforms a window, in ivory, beige, blue, brown, green and pink. On sale at 39c.

800 Yards of Cretonnes with flowers and conventional designs—all very new patterns. The reduced price is 39c.

DRAPERY SECTION—SEVENTH FLOOR

Folding Camp
Tables \$4.95

Folding Camp Tables for picnic and camping parties add greatly to the comfort and pleasure of an outing.

The Gold Medal Tables at Robinson's can be folded compactly and weigh but 16 pounds. They are of hardwood and seat four people.

The low price on these Tables—priced for the July Clearance—is \$4.95.

FIFTH FLOOR

Baking Dishes in Silver
Frames \$3.95

88 Pyrex Baking Dishes in real Sheffield-plated frames will go on sale tomorrow for \$3.95.

The reason for this reduction is that they were bought more than a year ago, but have only this week been delivered. Therefore we are able to offer them at the price of a year ago.

These Baking Dishes are oval with pierced Sheffield plate frames. These are pierced in a plain bar design. They have extra heavy handles and knobbed feet.

A convenient feature is that they may be used either for vegetables or puddings.

There are less than a hundred, so plan to shop early.

FIRST FLOOR

Gold Medal Army
Cots \$4.35

Gold Medal Army Cots have all the improvements that make for comfort and durability. To sleep on a "Gold Medal" is to know rest that is relaxing.

It folds into a package three feet long and takes up only a little room in the car or tent.

The reduced price on these Army Cots is \$4.35.

White and Colored Marquisettes that transform a window. In blue, brown, green and pink. On Cretonnes with flowers and designs—all very new patterns. The price is 39c.

SEVENTH FLOOR.

Gold Medal Army Cots \$4.35

Gold Medal Army Cots have all the improvements that make for comfort and durability. To sleep on a "Gold Medal" is to know rest that is refreshing.

It folds into a package three feet long and takes up only a little room in the car or tent.

The reduced price on these Army Cots is \$4.35. FIFTH FLOOR.

July and August

Katzman Jewelry

Service is the "buy-word" which swells profits for these merchants far-visioned enough to sell Katzman jewelry—reinforced by Katzman display and Katzman liberal merchandising methods.

M. Katzman & Co. market quality jewelry and provide sales developing cabinets for its convenient display and desire creation.

In connection therewith is a service of replacement, so that unsold merchandise is freely exchanged, and, most important is this: A fixed policy of guaranteeing every article sold enables the merchant to extend and back up their guarantee without self-embarrassment.

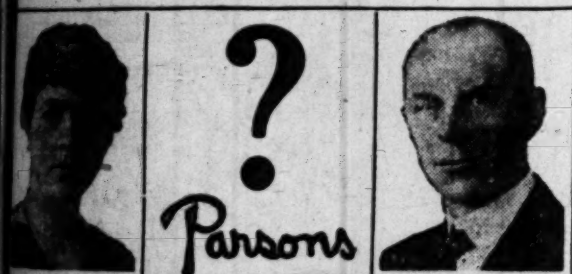

That the largest and most reputable merchants sell Katzman jewelry is a distinct appreciation of its quality and service generosity.

Such a broad, liberal policy requires a considerable amount of detailed attention to service needs.

The installation of Weber Office Equipment has helped to lighten and make more effective the manifold service accomplishments of this exceptional concern.

REPUBLICANS OF WEST CONFIDENT

Pacific Coast Region Campaign Opens in Bay City.

Leaders from Six States are Enthusiastic.

Washington Fight to be with Nonpartisans.

(BY A. P. NIGHT WIRE)

SAN FRANCISCO, July 20.—The Republican campaign in the Pacific Coast region was opened formally today with a meeting of party leaders of six States at the branch headquarters of the Republican National Committee here.

At the close of the conference it was announced by Raymond Benjamin, assistant to the national chairman, that all were enthusiastic concerning the prospects for Republican victories in all Pacific States.

Among those present at the meeting were Guy Kelly, national committeeman of Washington; former State Senator John W. Hart, national committeeman from Idaho; Albert Lindley, regional ways and means chairman; Allan B. Jaynes, national committeeman of Arizona; Judge Albert M. Sames, Arizona State chairman; Mrs. Katherine P. Edson, H. P. Niles, Washington and Joe Crail, Los Angeles. Congressman Julius Kahn and John I. Nolan were visitors at the session.

VICTORIES ARE PREDICTED.

Mr. Jaynes said at the close of the meeting: "Prospects for Republican victory in Arizona look splendid. The Democratic registration led the Republican two to one two years ago, but the division is about even now in most counties."

"The great fight in Washington this year is with the Nonpartisan League with its 2,000 paid up members and its huge campaign chest," said Guy Kelly of Tacoma.

"Unlike the Republicans, the Democrats are split into two factions."

headed by the Federal office holders and State office holders. There is much dissatisfaction in Washington over national affairs, with the result that we will get many a Democratic vote."

Idaho is very well satisfied with the Harding and Coolidge combination and we are confident of an overwhelming Republican victory," Mr. Hart declared. "Senator Borah is already taking an active part in our campaign as the determined foe to the League of Nations and the Wilson foreign policy."

GOVERNOR COMMUTES VETERAN'S SENTENCE.

SAN QUENTIN PRISONER TO BE FREED TO GET MEDICAL ATTENTION.

(BY A. P. DAY WIRE)

SACRAMENTO, July 20.—The sentence of one to fifteen years for burglary against William A. Hanson, a veteran of Chateau Thierry and Verdun, twice wounded and shell shocked, was commuted today by Gov. Stephens. Hanson is in San Quentin prison, where he was sent from Kern county.

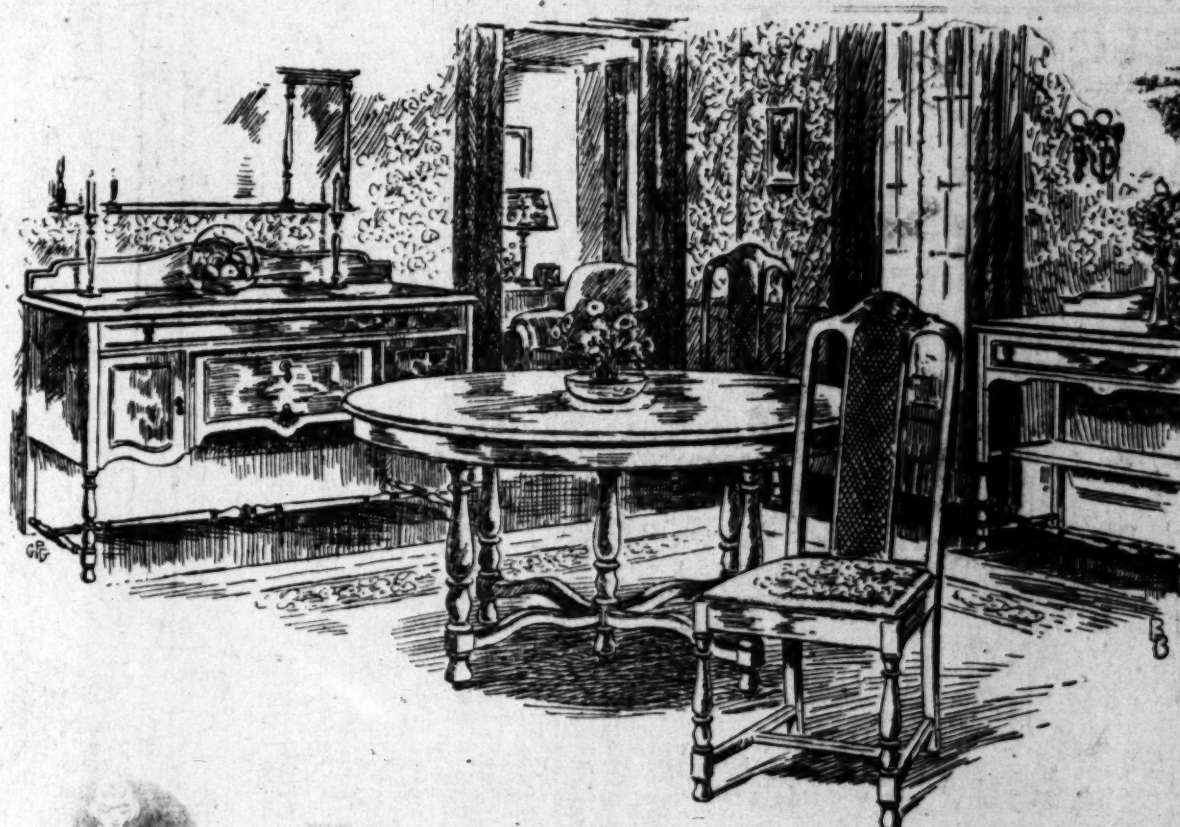

Lieut.-Gen. Hunter Liggett and other high Army officials of the Western Department interceded so that Hanson might be turned over to the Army and get medical treatment at the Gen. Letterman Hospital in San Francisco.

Hanson disappeared from the Fort Snelling (Minn.) Hospital after being sent home from France. The next heard of him was his arrest in Kern county.

SEES ANGLO-GERMAN ALLIANCE.

Harry Carr Says England is Bound to Seek Help to Hold Russia in Check as Soon as Slava Reorganize Their Government—Teutons Seem Best Bet.

BY HARRY CARR.
(EXCLUSIVE DISPATCH.)

NEW YORK, July 20.—While the League of Nations is capering amiably around entertaining the children there is plenty of big stuff going on behind the diplomatic scenery.

To many students of world politics, it looks very much as though Germany and England were being driven into an alliance. This was predicted by German diplomats during the war. Recent reports coming to New York from the advance guard of our commerce across the sea add color to the theory.

England has skillfully extended its arms to the British and German way along the shores of the Baltic Sea until the Baltic has become an English instead of a German lake.

According to the reports of travelers, Danzig, supposedly an international port, has practically been absorbed by the British, and the Poles complain that the English discriminate against them and favor the Germans in every possible way. The Germans, on the other hand, sing loudly in praise of the British administration of this and all other occupied territory.

It is apparent to the most hazy.

AUTO BANDITS STAGE BATTLE

Syrians Hold up Motorist on New Jersey Road.

Two Men are Seriously Hurt in Pistol Duel.

Woman Joins in Scrimmage, Tearing Hair.

(EXCLUSIVE DISPATCH.)
SPRING LAKE (N. J.), July 20.—Four motor car bandits were fought to a finish early this morning on the road between here and Point Pleasant.

Coming up from behind, four Syrians in a heavy machine, which blocked the roadway in front of four citizens of New Jersey, the Jerseyites immediately gave battle.

One of the bandits stood on the running board, revolver in hand, and demanded that Leonard Foreman of Point Pleasant, halt the car in which he and four friends were returning to their homes.

The bandits failed to properly size up their intended victims, for in an instant Charles H. Hankins leaped from his seat beside Foreman and threw the armed bandit to the ground.

While they were rolling on the earth Foreman and Capt. William Finnegan of Hoboken, engaged the other three bandits, who had not left the car.

The free-for-all battle was at its height, when the armed bandit managed to fire a bullet into Hankins' abdomen.

At the sound of Hankins' cry, Foreman and Finnegan abandoned the three whom they were beating up in the car and started for the man with the gun.

In the meantime Miss Catherine Kinney, one of the party, had gone to Hankins' assistance, and was battling with Hankins' assailant, tearing his hair out and clawing him generally.

When Foreman and Finnegan tried to disarm the bandit he attempted to fire again, but Finnegan clutched his wrist and the bullet went into his leg, breaking it just above the knee.

When the bandits saw one of their number was wounded, they made their escape.

The wounded Syrian gave his name as Rifei Merie, when placed in jail. The whole of Monmouth county is on the alert for the foreigners.

PHILADELPHIA COMPANY OPPOSES FARE RISE.

BANKER RESIGNS FROM DIRECTORATE BOARD WHEN 7-CENT RATE IS LOST.

(EXCLUSIVE DISPATCH.)
PHILADELPHIA, July 20.—Bitter over the failure of the members of the board of directors of the Philadelphia Rapid Transit Company to pass a 7-cent fare program advanced by the banking interests in the management, E. T. Stotesbury, financial backer and chairman of the board of directors of the company, today resigned all connections that he has had with the company.

Mr. Stotesbury left the meeting after his higher fare proposition had been voted down by a scant majority of one, with Mayor Moore, one of the city's representatives on the board, casting the deciding ballot.

The Mayor declared that he would have to oppose the motion in favor of the fare increase because it violated the existing agreement that the company had with the city; the 1907 agreement, by which the company agreed not to raise its 5-cent fare until it had secured the consent of the city.

Immediately upon Mr. Stotesbury's resignation, the company ended, two other directors identified with banking interests, C. S. W. Packard and H. G. Lloyd, added their resignations to that of the chairman.

President Thomas E. Mitten, who voted against increased fares, then took charge of the meeting.

MOVING PICTURE WORKERS STRIKE.

(BY A. P. NIGHT WIRE.)
NEW YORK, July 20.—More than 2000 moving picture workers in New York and vicinity went on strike today, tying up or crippling a score of film plants.

The reason given for the walkout is the failure of the National Association of the Motion Picture Industry to meet the demands of the workers for increases in wages, shorter hours and recognition of the union.

AUTO BANDITS STAGE BATTLE

Syrians Hold up Motorist on New Jersey Road.

Two Men are Seriously Hurt in Pistol Duel.

Woman Joins in Scrimmage, Tearing Hair.

(EXCLUSIVE DISPATCH.)
SPRING LAKE (N. J.), July 20.—Four motor car bandits were fought to a finish early this morning on the road between here and Point Pleasant.

Coming up from behind, four Syrians in a heavy machine, which blocked the roadway in front of four citizens of New Jersey, the Jerseyites immediately gave battle.

One of the bandits stood on the running board, revolver in hand, and demanded that Leonard Foreman of Point Pleasant, halt the car in which he and four friends were returning to their homes.

The bandits failed to properly size up their intended victims, for in an instant Charles H. Hankins leaped from his seat beside Foreman and threw the armed bandit to the ground.

While they were rolling on the earth Foreman and Capt. William Finnegan of Hoboken, engaged the other three bandits, who had not left the car.

The free-for-all battle was at its height, when the armed bandit managed to fire a bullet into Hankins' abdomen.

At the sound of Hankins' cry, Foreman and Finnegan abandoned the three whom they were beating up in the car and started for the man with the gun.

In the meantime Miss Catherine Kinney, one of the party, had gone to Hankins' assistance, and was battling with Hankins' assailant, tearing his hair out and clawing him generally.

When Foreman and Finnegan tried to disarm the bandit he attempted to fire again, but Finnegan clutched his wrist and the bullet went into his leg, breaking it just above the knee.

When the bandits saw one of their number was wounded, they made their escape.

The wounded Syrian gave his name as Rifei Merie, when placed in jail. The whole of Monmouth county is on the alert for the foreigners.

DIVIDE PACIFIC COAST INTO TWO DISTRICTS.

WASHINGTON, July 20.—Pacific Coast shipping is to be divided into two districts by the Shipping Board, according to a resolution adopted by the board July 8.

The northern district includes all the Puget Sound and Columbia River ports including Seattle, Tacoma, Portland and Astoria and the other district takes all the remaining ports on the American coast line as far as the Mexican border. Seattle will be headquarters for the northern district and San Francisco for the southern district.

No appointments have been announced yet for the new Shipping Board, but the board is interested in concentrating the business of the country in the big ports like San Francisco and New York are doing everything possible to delay the announcement, hoping by pressure and influence to have named on this new board a majority of men favorable to a policy of building up the big ports and suppressing the smaller ports wherever located.

VETO BY PRESIDENT GETTING COURT TEST.

(BY A. P. NIGHT WIRE.)
WASHINGTON, July 20.—Chief Justice McCoey of the District Supreme Court issued a ruling today requiring Bainbridge Colby, Secretary of State, and Henry Bryan, editor of laws in the State Department, to show cause next Monday why they should not be compelled to promulgate as law the peace resolution with Germany, passed at the last session of Congress and vetoed by President Wilson.

The order of the court is based on a petition for mandamus filed last Saturday by Henry T. McCartney, Chicago lawyer, who sued as a taxpayer. He contended that the President had no authority to veto a joint resolution of Congress and that the resolution became a law upon its passage by the two houses of Congress.

CITY OF TAFT REACHES POPULATION OF 3317.

(EXCLUSIVE DISPATCH.)
BAKERSFIELD, July 20.—Taft, the California incorporated city that has sprung up from bare plains in a few years, has a population of 3317, according to figures released by the Federal Census Bureau yesterday. The figures are:

Taft, 3317, incorporated since 1910.

East Cleveland, O., 27,292; increase 14,113, or 197.2 per cent.

Lakewood, O., 41,722; increase 26,551, or 174.9 per cent.

West Warwick, R. I., 15,461; incorporated since 1910.

CONSPIRACY CHARGED BY SHIPPING BOARD.

(BY A. P. DAY WIRE.)
NEW YORK, July 20.—R. B. Bowman, chief engineer of the United States Shipping Board vessel Dio, and a former agent for the Standard Oil Company of New Jersey were held for the Federal grand jury on a charge of conspiracy to defraud the Shipping Board of more than \$9000 through fuel oil transaction at Rio Janeiro, Brazil, Ass't. U. S. Atty. H. F. Kelly has announced.

Bowman, according to the prosecutor, alleged to have arranged with the Standard Oil agent for delivery of 600 tons of oil and presented a bill for 1000 tons, which was paid by Shipping Board agents.

FIGHT FOR CONTROL IS ALLEGED IN SUIT.

(BY A. P. DAY WIRE.)
SPOKANE, July 20.—Suit to compel \$500,000 dividend payment on stock was brought in Spokane yesterday by E. S. Talbot of Spokane against William H. Crocker, president of the Crocker National Bank of San Francisco.

Mr. Talbot alleges that Mr. Crocker is seeking by unfair means to obtain control of the Northwest Magnesium Company of the Chevalier, which Mr. Talbot promoted, R. N. Bishop, S. F. B. Moore, William Gregg and B. L. Thane, all of San Francisco, and the Sperry Flour Company, are also named defendants.

HAVANA RICE CLUB CAUSE OF MEET

BANKERS AND CALIFORNIA SOCIATION REPRESENTATIVES MEET IN CHARGE

(BY CABLE AND ASSOCIATED PRESS.)
HAVANA, July 19.—Havana and a committee representing the California Rice Association met today on the subject of the situation resulting from the recent rice shipments valued at more than twenty million dollars held up in harbor here, which is claimed, were shipped under contract.

No statement was given out, but the bankers demanded that the situation be cleared up. The committee, however, insisted that the rice should be shipped under contract, and that the situation be cleared up. The committee, however, insisted that the rice should be shipped under contract, and that the situation be cleared up.

The committee, however, insisted that the rice should be shipped under contract, and that the situation be cleared up. The committee, however, insisted that the rice should be shipped under contract, and that the situation be cleared up.

JACK JOHNSON IS JAILED HERE DESPITE PROTEST.

Negro Pugilist Who Surrendered at Border as White Slaver Wants to Go to Hotel But Doesn't.

Over his protesting demands to be taken to a hotel instead of having to spend the night in the County Jail like any other fugitive from justice, Jack Johnson, ex-champion negro prize fighter, was lodged in a cell in this city last night after an auto trip from the border, where he surrendered to the United States authorities on the old white slave charge.

Johnson appears on the blotter as "John Arthur Johnson, negro; age, 42; violation of Mann Act; business, professional boxer."

When Johnson was told to "shell out," that his money and valuables could be placed in the vault for safekeeping, he dug deep in his pocket and laid thirteen silver dollars on the counter.

"There goes my black jack game," he remarked.

When asked if that was all his money, he winked slyly, reached into his coat pocket and extracted \$450, which, with \$13, is the total wealth of the former world's champion pugilist who amassed a fortune in the fight ring. Next came a pair of glistening red dice, which he bargained permission to keep in his pocket "for luck."

Johnson weighed in at 236 pounds and stood six feet and one inch tall. He had previously weighed a small coin that he weighed 231 pounds. Nor did Johnson show any anxiety to be taken to his cell.

"Let me linger 'round a bit and talk to the boys," said he, so he lingered until "taps."

Shortly after Johnson arrived at the jail he was taken to a nearby restaurant.

"What will you have?" he was asked.

"The famous Johnson smile spread from ear to ear and he quickly replied: "Bring on the pork and beans!"

He devoured two immense orders of pork and beans, a big platter of pork chops and all the trimmings. During the meal he inquired where Dan Long, an old friend, was. He was told that Dan Long was now on the Los Angeles police force.

"Ain't that fine! Dan and I used to fight together down here on Main street in the old days."

"While he was eating in the restaurant, a large crowd of curious people gathered around the place, while he was strolling leisurely back to the jail, juggling two bars of toilet soap and all the trimmings. After the jail bars had closed behind him, the curious crowd loitered around the windows. They noticed Johnson, so he asked that the window shades be drawn. But before he entered the jail he gave his ever-increasing audience a laugh.

The Sheriff went to San Diego Monday, talked over the details with Deputy Marshal Cooley and went to Tia Juana yesterday morning to retrieve Johnson. The former heavyweight champion of the world was not at his small cottage in the Mexican town when the Sheriff's party arrived, but came up soon, exclaiming: "I'm in the first breath, 'Well, I'm sure going across today. This is one time when I'll have free meals."

At a conference with the Sheriff, Johnson posed for photographers and motion-picture cameramen. The trip to the border, a distance of half a mile, was delayed long enough for Johnson to stop in one of the saloons to bid his friends good-bye. Several white women drank with him at the bar, wishing him much good luck and regretting that he was leaving. The only time that Johnson lost his famous "J" smile was when he started away from the crowd there. He applied his handkerchief vigorously to his eyes, saying that it was hard to leave friends.

At the international boundary line, Johnson stopped long enough to shake hands with some of the officers there. As he stepped out of the automobile to walk across the border, he was met by Deputy Marshal Cooley and the regular immigration officers. He presented a passport issued by Mexico last March and the warrant for his arrest was shown. He acknowledged service without its being read.

"I'm back home," he said as he walked again on American soil. "And it sure feels mighty good. It is home sweet home for me and no one who has never been away can know how good it feels to get back again, whatever it is in the future."

When he appeared before the United States Commissioner at San Diego he waived examination, bail and all formalities. An order for his removal to Los Angeles was issued and another order for removal to Chicago will be issued here.

"I was so anxious to see you today and get started," he told the Sheriff as the party started to this city from San Diego, "that I didn't sleep a wink. I'm nearly starved. What date is this? I want to remember it for it is a happy day for me."

PETTED ON WAY.

Johnson was humored in many ways in his surrender, for it was he who called Sheriff Cline to come down, although the Sheriff had no official connection with the case, and he also selected Deputy Marshal Cooley to accompany him to Los Angeles. He said he wished Sheriff Cline to be along because he was sure that he would get fair treatment and protection.

The only protection, however, that the huge negro needed was someone to keep back the crowd of onlookers who pushed around the automobile while it stopped in San Diego. Persons almost fought for the opportunity to shake hands with him there and wish him luck.

"I got my passport in March to come back," Johnson said in discussing his stalling for several days before surrendering. "I thought I would come back soon then, but

"Gee, but It's Good to be Back!" Says the Big Black Man.

Jack Johnson on American Soil Again.

In the top picture, made last evening in the Sheriff's office in this city, are, left to right, Dep. U. S. Marshal George Cooley of San Diego, to whom Johnson surrendered; Johnson and Sheriff Cline, who brought him to the city; and the lower picture, made by George R. Watson, Times staff photographer at Tia Juana, show the auto waiting at the international boundary and (bottom) Special Federal Agent Dave Gershon and Johnson at the border.

CAR BUTTED INTO DITCH; GIRL IS HURT.

Daughter of Prominent Republican and Yachtsman Injured in Odd Accident.

Miss Lucille Matthews, a student at U.S.C. and daughter of J. L. Matthews of Covina, was painfully injured in a curious automobile accident on the boulevard between Santa Ana and Newport Beach Monday evening. With her sister, Genevieve, Horace White, son of Dr. Harry W. White, superintendent of the Episcopal Church, and Capt. Lloyd Lowell of the yacht Comfort, belonging to Paul Haupt, she was on her way to Tustin where the party was to spend the night with relatives.

According to Mr. White, who was driving, he was obliged to make a sharp turn to avoid being run into by another car containing two men and going toward Newport Beach. The other car, however, followed him across the road, he says, striking him across the forehead and sending his auto into the ditch, where it turned over. Miss Matthews received a deep cut on the forehead and above the eye. The members of the party were picked up by Cornish Road, Santa Ana, and the injured taken to the Santa Ana Hospital. Yesterday afternoon Miss Matthews was removed to the residence of Horace White, uncle of the White of the accident, at Tustin. Capt. Lowell was able to return to Balboa, where the Comfort is lying. Late yesterday Mr. White swore to a warrant for the arrest of S. M. Lugo of Newport Beach, said to have been the driver of the other car, alleging reckless driving. The White was a total wreck.

Miss Matthews' father is editor and publisher of the Covina Argus and a prominent Republican.

Black Fighter Will Not Get Any Clemency.

(EXCLUSIVE DISPATCH.)
CHICAGO, July 20.—Clemency may be extended to Umbrella Mike, who repays it by shutting off the lights in the playground of thousands of poor people and crippling the street car service, or to a millionaire who by means of the United States mails has swindled thousands of people of large sums of money, but there will be no mercy by the Federal officials for Jack Johnson, former heavyweight champion of the world.

Dist. Atty. Cline said today that it was absurd to think there would be the slightest modification of sentence in Johnson's case.

THREE IN CRASH; MAY DIE.

William Eschom, a retired cattleman residing at 1511 South Harvard Boulevard, and his wife, Mrs. Blanche Eschom, aged 58, and their son, Mrs. Adella J. Wood, 59 years of age, were all possibly fatally injured when their automobile, driven by Mrs. Eschom, collided with east-bound car No. 902 of the West Eleventh street line, at West Tenth street and Harvard Boulevard last night. The injured were rushed to the Receiving Hospital in three private machines.

Assistant Police Surgeon Beggs and Refret found the car. Eschom had a possible frontal fracture of the skull. Mrs. Eschom had suffered grave internal injuries and her nose was almost severed, and Mrs. Wood had a probable basal fracture of the skull.

According to witnesses, both the street car and the automobile were going slowly. The auto, going south, had just crossed the tracks in front of the car when the rear end of the machine was struck by the front of the street car. The auto was overturned with such force that it landed upside down on a fire hydrant on

Chief of Sioux Tells Judge He Is Poor Indian.

Although Luther Standing Bear, chief of the Sioux tribe of Indians, is reputed to be wealthy, he stated in Judge Stephens' court yesterday that he has not been able to sell his 160 acres in South Dakota for \$15 an acre. He said he received from his lands of poor people and crippling the street car service, or to a millionaire who by means of the United States mails has swindled thousands of people of large sums of money, but there will be no mercy by the Federal officials for Jack Johnson, former heavyweight champion of the world.

Dist. Atty. Cline said today that it was absurd to think there would be the slightest modification of sentence in Johnson's case.

WHIPPING LEADS TO STABBING.

Father Knifes Son-in-Law in Three Places After Posing Over Chastising Boy.

Delmo Eastley, 25 years of age, was stabbed three times by his father-in-law, W. J. Davis, aged 52, in their home at 935 South Westlake avenue, last night following a family row, which started, according to the father, when Delmo chastised his brother-in-law, Woodward Davis, aged 14, because, he said, he had been disrespectful to Mrs. Davis, his mother.

A private physician who was called to the house found that the son-in-law had been stabbed in the left chest, in the abdomen and just under the heart. His condition is critical.

After an investigation, Detective-Sergeant Steierstedt lodged Mr. Davis in the City Jail on the charge of assault with a deadly weapon.

Mr. Davis declared that when he sought to take the part of his 14-year-old son in the fight with Delmo, the whole family tried to attack him. He then retired to one corner of the porch and threatened to stab the first one who came after him, Detective Steierstedt said. Delmo came after him.

HONOLULU MAYOR HERE TO SEE CITY MARKETS.

Mayer John H. Wilson of Honolulu yesterday afternoon called on Mayor Snyder to have the workings of the Los Angeles municipal markets explained to him. Honolulu recently established a city market to cut the high cost of living in Hawaii.

Before his election Mayor Wilson for eight years was City Engineer of Honolulu. He inspected the system used here in paving the streets yesterday in company with City Engineer Griffin.

SECOND NEGRO HUNTED AS GIBSON'S ACCOMPLICE.

Fingerprints in Trapp Bedroom Indicate Two Men Participated in Fullerton Crime; New Arrest Due Soon.

Two negroes, instead of one, may hang for the brutal murder of Roy C. Trapp, wealthy Fullerton rancher, and the criminal attack upon Mrs. Trapp.

Not content with the confession of Mose Gibson, the burly negro who is now a prisoner at the County Jail in this city after admitting the heinous crime, Dist. Atty. West and Sheriff Jackson of Orange County said yesterday they are convinced that Gibson did not tell the complete truth regarding the tragedy in the Trapp home at Fullerton. They believe that Gibson was assisted by another person, a negro, and that the prisoner is shielding his companion that he alone, Gibson, may pay the death penalty for the horrible crime.

Dist. Atty. West admitted yesterday that he and the Orange county officers have unearthed four new developments, which indicate strongly that two men instead of one participated in the murder of Mr. Trapp and the assault upon his wife. What these four developments are Mr. West refused to divulge, stating that publication of them would injure the investigation. However, he stated, the Orange county officers are confident that within four days Gibson's supposed accomplice will be found and locked in the Los Angeles County Jail with Gibson.

JAP MURDERER TELLS POLICEMAN OF CRIME.

INFORMS OFFICER WHERE HE WILL FIND 'SUICIDE' BODY; WALKS OFF.

Police detectives are trying to identify a Japanese man about 35 years of age who was murdered by another Japanese in front of a warehouse at 718 North Alameda street late last night.

Patrolman Albert McGuire was standing at Marchessault and Alameda streets when he heard five revolver shots. He ran toward the scene of the shooting and met on the way a cool and collected young Japanese man who told him that a man had shot himself further down the street. Patrolman McGuire let him go and went to the scene of the shooting.

The man was dead when he arrived. He had been shot once through the head and twice through the back with a brand new .31-caliber revolver. Two women who had witnessed the shooting from across the street where they were waiting for a car told the patrolman that the man had met on his way to the scene of the crime was the Japanese who had done the shooting. The women witnesses were Mrs. Anna Matsumoto, 1725 East Fifty-fifth street, and Mrs. E. E. Long of 1443 East Thirty-third street.

By the time the patrolman returned to the place where he had met the murderer he found that the Japanese had been swallowed up in the shadows of Chinatown. A description of the suspect was given to detectives, who were ordered to search all night for him.

Three possible names were found on various articles in the dead man's clothing. A bank book bore the name of Hanyu Kiyomasa, a membership card in the Layman's Social Club bore the name of T. Morita, and his clothes bore the name of Mr. Mori, and were made by a tailor named M. Mori of this city.

SOCIETY.

BY VIRGINIA WOODS.

Bridge-Tea.
A coterie of our very nicest girls, members of the Los Angeles Chapter of the Chi Omega Society, are combining pleasure with mercy in a large and stylish bridge-tea to be held at the home of Capt. and Mrs. John D. Fredericks, 559 South Ardmore, on Saturday, Mrs. Doris Fredericks will be the chief hostess and plans are made for 150 guests. The tea is to take the form of a benefit for the Maternity Hospital fund, which the girls have undertaken to raise to provide trays, crockery and kitchen utensils for the hospital's new wing. Tickets will be sold for \$5 cents and two dozen charming young girls will see to it that the guests have a joyous time.

Mrs. Doris was also the hostess at a merry supper-dance on Saturday evening in honor of Robert Knowlton, the clever young musician from New York. She had twenty-five youthful guests and the honoree was persuaded to give some of his own compositions for the company.

Dancing Party.
Mrs. Albion Marcher will be the hostess at a youthful dancing party this evening in honor of her daughter, Mrs. Bertha Murray, who has a birthday today. There will be a hundred guests.

Chicago Friends.
Mr. and Mrs. Charles Henry Thompson are entertaining in a series many Chicago friends lately. While at Coronado last week had a dinner party in which Mr. and Mrs. Edmund S. Graf of that city, and upon their return home Mrs. Henry T. Thompson, who helped make the Democratic convention interesting, was their guest. On Saturday evening Mr. and Mrs. Henry Thompson were the occasion of a complimentary dinner at the Los Angeles Country Club. The Larsons recently returned from four years in Europe where they had numerous thrilling war experiences. Mr. Larson is the son of the Mr. Larson who is instituting aerial mail services throughout the country.

Mr. and Mrs. Thompson will leave town for a month at Catalina Island in the near future.

At Balboa.
Mrs. William M. Duncan of Windsor Square is sojourning at her cottage at Balboa just now. She will entertain a merry party of friends from Los Angeles today and again over the week-end.

Home Again.
Mrs. Garland A. Buckingham has just returned to her Harvard Boulevard home after a trip to the East, where she has been visiting many friends. But she will only be a few days in town as she is planning another holiday at some nearby resort to escape the hot weather.

Farewell Tea Party.
Miss Rita York, who is going to Hawaii for a long stay, will be the complimentary guest at a farewell tea party tomorrow afternoon at the home of Mrs. W. Bergquist, No. 1023 Robert Boulevard, when Mrs. Swiggett and Miss Queen Masters will be the hostesses. Mr. Joseph Copp, visiting here from Honolulu, and Mrs. Stanley Williams of Phoenix, Ariz., will be among the guests, who also include Miss Earl Burke, William Coudlin, Robert Hutton, William Minger, Charles Mellicham, Stewart East, S. Chapman, and the Misses Jessie Grieve, Ardene Renshaw, Betty Snyder, Gertrude Bradley and Hazel Allen.

A golden yellow color scheme will be carried out in the floral decorations.

For the 1915 Members.
Mrs. Andrew Stewart Lobingier has issued an invitation to all members of the Friday Morning Club, who joined in 1915 to be her guests at an afternoon tea party this afternoon at the Friday Morning clubhouse.

To Alaska.
Mr. and Mrs. Charles F. Off, with their daughter, Lillian, and their sons, Howard, Teddy and Carl, sailed for a four weeks' trip to Alaska on Saturday. On their way home they will break their journey at Seattle, where they will visit friends, and from there make the trip home by motor.

Pierce-Medley Wedding.
Owing to the severe illness of the bride's mother, Miss Lela Pierce and Mr. C. D. Medley of El Segundo changed the plans for their wedding in August and were quietly married at the home of Mrs. and Mr. L. L. Pierce in Highland Park on the 17th inst. Rev. W. P. Hardy of Highland Park officiated in the attractive bride wore a wedding gown of thirty-four years ago, the same worn by

BRIDE ARRESTED ON HONEYMOON.

Charge of Forgery Sworn to by Recorder Judge is Syncretic.

Annie L. King, who yesterday was on her way to Catalina on her honeymoon trip with Earl L. King, was arrested on a complaint sworn to by her brother, Delbert D. Smith, charging her with forging on the back of a check for \$40 the name of T. J. Cain.

Constable Stensland served the warrant on the tearful young bride. She was brought into Justice Bowser's court, and when he discovered the interrupted honeymoon, he released her on her own recognizance.

"This release is good during your honeymoon," he told her. "You are to return here next Tuesday at 10 in the morning for a hearing."

Mrs. King promised she would be on hand.

In San Francisco.
Miss Katherine Molloy is the guest of Mr. and Mrs. Francis Grace of San Francisco, who are on a luxurious trip up the Klamath River, in Humboldt county. Summer bath it that Miss Molloy is proving herself a mean angler.

Mrs. Grace Thomas, sister of Miss Molloy, will leave for San Francisco early in September, where a round of party awaits her.

Mr. and Mrs. Jefferson Chandler are also planning a trip to the northern city for the month of August.

Personal.
Mrs. W. J. Chichester, accompanied by Mrs. C. Q. Stanton and Mrs. A. E. Cooke, will motor to Astoria this week and will attend the Y.W.C.A. conference to be held there.

Mr. and Mrs. W. P. Harrison left for their Chicago domicile a few days ago and will not return until after Christmas.

Mrs. Nellie K. Downs of Chicago is visiting her sister, Mrs. H. E. Morris, at 2901 Naomi avenue for a few weeks.

Mr. and Mrs. Alex Pantano are at their beach cottage at Playa del Rey.

Mrs. Avery McCarthy and her son are at Paso Robles, but will join Mr. McCarthy and Avery, Jr., in the north next week, where the family will remain for the rest of the summer.

Mr. and Mrs. Eugene McLaughlin and their daughters are enjoying a sojourn at Big Bear Lake.

Mr. and Mrs. J. M. McCarty are the guests of Mr. and Mrs. C. W. Robinson at Ojai and will return home in about two weeks time.

Mr. and Mrs. Arthur Wright will leave this week for a motor trip to Yosemite and San Francisco.

Mrs. Roy Jones is convalescent after her serious illness.

Mrs. Linda Scott of Harvard Boulevard is also convalescent after an alarming attack of vertigo on July 4.

FLORISTS TO HEAR WOMAN ON PUBLICITY.

Invitations have been sent out by the Los Angeles Florist Club for a dinner at 6:30 p.m. tomorrow at the Roma Cafe, when Mrs. Ella Grant Wilson of Cleveland, O., will address the club on "Publicity" as applied to the florists' business and the value of organization. Mrs. Wilson has charge of the publicity work of the Society of American Florists and Ornamental Horticulturists. Florist Telegraph Delivery Association and of the American Carnation Society. She is also the former editor of the Cleveland Plain Dealer, Chicago Post and the Buffalo Courier. She also brings two reels of films showing the work of the Florist Telegraph Delivery Association. She is the guest here of Mrs. Mary Winslow Johnson of 221 South First street, Alhambra.

SEEKS CHARTER CHANGE.

The executive committee of the Municipal League in a communication filed yesterday urges that the Council place on the ballot at the November election a proposed charter amendment providing for preferential voting for all candidates for elective city offices and for proportional representation in the Council and on the Board of Education.

A HAPPY MESSAGE TO MEN WHO SMOKE FINE CIGARS

Here is joyous news for particular smokers—Young's has just installed a Cigar Department, carrying a complete line of the highest grade cigars and cigarettes obtainable. Look over this list of smokes:

Corinas	Hoyo de Cuba
Coronas	Romeo y Julietta
Chancellor	Chas. the Great
Casual Club	Flor de Portagas

—and a complete line of Jeane's Cigars

Also these Cigarettes in packages of 10s, 20s, 50s and 100s; Pall Mall, Phillip Morris, Dieties, Naturals, Murads, etc.

A phone call will bring these choice smoking delights to your door with your grocery and meat order—or drop in when you're downtown, and see this new department at 218 So. Spring St.

What Los Angeles women say about Libby's Milk

Thousands of women prefer this milk for coffee and for their cooking.
Read why these women say they could not keep house without it

Gives hot chocolate greater richness, more "body."
"My children always have liked hot chocolate, but now that I've begun making it with Libby's Milk, they demand it every morning. It's so much richer and has so much more body. I drop a marshmallow in each cup before serving."
MRS. J. E. WARE,
Los Angeles, California

Creamy and rich—at half the cost of cream!
"Libby's Milk gives a 'body' to coffee that ordinary milk or cream doesn't give. It isn't nearly so expensive as cream, and is so much better in coffee than other milk."
MME. MABELLE BOCCASINI,
Los Angeles, California

Makes cookies crisp and sugary tasting—
"The cookies I make with Libby's Milk are always good because the milk is always of the same richness and smoothness. My family ask for them again and again."
MRS. JOHN T. COLEMAN,
Los Angeles, California

THOUSANDS of women in Los Angeles, Pasadena and vicinity have found that their coffee, their cocoa, their cream pies, their puddings have a new, noticeably-more-delicious richness when they use Libby's Milk.

Their husbands—their children—like the special delicacy this milk gives to all cooking. Their guests notice at once the delightful smoothness of their cream sauces, the lightness of their hot breads.

Why this milk makes richer cooking

Libby's Milk comes from the finest dairying district of the United States—Humboldt County—famous for its rich pasture lands and its thoroughbred cattle. There the Libby dairy selects and packs the unusually fine milk, testing it constantly for richness, for purity. More than half the moisture is removed

Rich cream sauce for meats and vegetables—
"I'm never distressed any more about the cream sauce I make for vegetables being lumpy and insipid. I've found that Libby's Milk always makes a sauce that's rich and free from lumps."
DR. MARGARET GILLILAND,
Los Angeles, California

—nothing is added. Hermetically sealed in cans and sterilized, it reaches your table as pure and fine as when it left the spotless Libby dairy.

So rich and creamy is Libby's Milk that its users prefer it to any other milk in coffee, in cocoa and in cooking.

No longer need you depend on whatever grade of milk happens to be produced near your community. Today the Libby method of selection and sterilization of their milk makes it possible for you to make your coffee and your cooking more delicious than ever before.

The difference it makes in everything in which you use it

You—like other women of Los Angeles and vicinity—will be delighted with the flavor of all your cooking. It will please you, too, to have your husband call your coffee "the best he ever tasted"—when you serve it with Libby's Milk; to have your guests exclaim over the rich flavor of your cocoa, your deserts. You, too, will always insist on using this milk that is so rich and creamy for your coffee—and at only *half* the cost of cream. The milk that makes your cooking richer, smoother, creamier than ever before!

Where your recipe calls for milk, use Libby's Milk and water, half and half; wherever

it says cream, use Libby's Milk undiluted.

More convenient! And so economical!

If you have never before known the convenience of milk that is always at hand and ready to use, that takes up so little room and keeps sweet and pure so long, you will be enthusiastic.

And so economical! Creamy and rich for your coffee, and at *half* the cost of cream! And there's never any waste. It is pure and sweet when you open the can. You use it as you need it, and put the rest in a cool place—it keeps for several days.

Your grocer has this finer milk—

Order Libby's Milk from your grocer today. See for yourself what a difference it makes in everything in which you use it.

Libby, McNeill & Libby

Serve richer cream pie made with this creamy milk—
"Libby's Milk means cream pie to my family because they know that since I began using Libby's Milk we've had more delicious cream pie than we ever had before. It's richer, smoother, and holds its shape better."

SHARP'S WORK IS
A PLEASURE NOWFeels Better Than in 20
Years Since Taking
Tanlac.Has Been Entirely Relieved
of All His Troubles.Says He Has Gained Ten
Pounds in Weight.

"I feel better today than I have in twenty years and am indebted to Tanlac for my good health," was the emphatic statement of George W. Sharp, 921 Camule St., Los Angeles, Cal. Mr. Sharp, who was formerly for thirty-five years in railroad service and at one time yardmaster for the Santa Fe at Phoenix, Arizona, is now proprietor of the Merchants Express Co., and is widely known.

"In 1907," said Mr. Sharp, "after I had suffered for a long time from indigestion, I got into an extremely nervous condition. I was restless and irritable and felt gloomy and despondent. I had no appetite and what I did eat bloated me up with gas and caused sharp pains in the pit of my stomach. I took medicines of various kinds, but in spite of it all kept getting worse. Finally I got so weak and short of energy that it seemed I would never get to the end of a day's work, and when I did get through I would just drag myself home and fall asleep on the bed, feeling like I never wanted to get up again. I don't believe there was an organ in my body that was working right, and in short, I was just all in."

"But all of these miserable feelings soon left me after I began taking Tanlac. The first bottle helped me so much I got another and kept on taking it until three weeks ago, when I found I was a well man. I can hardly describe how cool and calm and cheerful I feel after all these years of suffering. Even my wife is surprised at my big appetite, but I can tell you I enjoy every mouthful I eat, and it agrees with me perfectly, for I never have the slightest distress after meals, and I have gained ten pounds in weight. I sleep fine at night, and my work, that was such a drag to me before, is now a pleasure. If anybody wants to know whether Tanlac is a good medicine or not, just let them come to me."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Stores.—Advertisement.

PLAYERS ENJOY
PICNIC DINNER.Pasadena Community Theater
Fans Celebrate.Tournament President Re-
turns from Official Trip.Noted Engineer Returns to
Crown City.

(LOCAL CORRESPONDENCE.)
PASADENA, July 20.—More than 500 persons assembled in the Brookside Park outdoor theater this evening for the third birthday anniversary celebration and dinner of the Pasadena Community Playhouse Association. Dinner was served under the spreading live oaks. James W. Foley was master of ceremonies for the post-prandial feast. Music was furnished by a group of ten players from the new Community Orchestra. There was singing by P. G. Novis, Edward Murphy and Miss Aylene McKinney. Miss Halia Trotsky danced.

Samuel J. Hume, director of the Greek theater at Berkeley, the community playhouse idea in America. There are today more than sixty dramatic units operating in this country on a noncommercial basis, indicating that the people are about to claim the theater for their own, instead of permitting this art to be exploited solely for business purposes.

FAVORS YALE BOWL MODEL.
W. L. Leishman, president of the Pasadena Tournament of Roses, has just returned from a trip through the Pacific Northwest and back east to Harvard and Yale universities, and New York. He favors a Yale bowl type of stadium for the rose tournament in Pasadena. Of all the stadiums and amphitheaters he inspected while away he liked the Yale bowl the best. He also favors plenty of room for the Pasadena stadium, saying today that he did not think the local high school grounds large enough. He favors a site in the Arroyo Seco.

Mr. Leishman was in Portland during the rose festival, at which Pasadena tournament won a \$500 prize for its floral float. At Harvard Mr. Leishman presented to the athletic officials the silver football trophy won by the Crimson eleven against the Oregon eleven here last New Year's.

ENGINEER TO RESIDE HERE.
Prof. Carl G. Thomas, head of the engineering department at Johns Hopkins University, Baltimore, has resigned that position and moved to Pasadena to reside. He grew up here. He is the son of the late Dr. G. Roscoe Thomas, one of Pasadena's pioneers, who died about a year ago. Prof. Thomas and his family are occupying the Dr. Roscoe Thomas mansion on Sardinia. Prof. Thomas will engage in engineering work independent of college work, but will make Pasadena his permanent home henceforth. During the war he was in charge of mechanical transportation at the famous Hog Island shipyard.

WILL HAVE SEISMOGRAPH.
California Institute of Technology, formerly Throop College, which is situated here, is to have a seismograph. The instrument will be installed at the college in the near future.

FAILS TO BREAK JAIL.

Prisoner at Pomona Fears Long
Penitentiary Term.

(EXCLUSIVE DISPATCH.)
POMONA, July 20.—Discovered in the act of picking the lock on the heavy door of the Pomona city prison, Joe Vittorio's attempt at breaking jail was frustrated today by Motorcycle Officer Jack Munson. Vittorio was arrested recently for the burglary of the Spadina general store, a burglar alarm attached to the transom which he crawled through in entering the place causing his apprehension.

ANNUAL FROLICS.
Beach Prepares to Entertain Mid-summer Guests.

(LOCAL CORRESPONDENCE.)
SANTA MONICA, July 20.—The days of "annual outings" are approaching, and civic authorities and amusement men are making ready for the entertainment of the all-day picnics for which the beaches are the most popular resort. Druggists, furniture companies' frolics and the annual jazz for the employees of the dry goods companies, and always the State picnics from a large part of the patronage of the bay during the latter part of July and August.

"The beach picnic grounds are being enlarged," said Mr. Pickering, speaker of the growth of the picnic grounds, "and we expect several grocers' annual outings next month and as they always bring all their employees and their relatives we have to have more space than is usually demanded. A special platform has been erected for the furniture picnics as they always give away a lot of prizes and make a lot of speeches in the midst of their merry-making."

LOSE BEST OF SEASON.

LOS ANGELES HARBOR, July 20.
Although there are nearly 100 purse
seine boats out after fish, the
receipts here since the strike have
amounted to practically nothing.

(LOCAL CORRESPONDENCE.)
LOS ANGELES HARBOR, July 20.—The average indicated investment per company during June was \$2,607,575 representing an advance of more than \$92,469 for May. Aggregate investments were \$86,050,000.

**FAST FORTUNE IS
INVESTED IN SHIPS.**

(LOCAL CORRESPONDENCE.)
LOS ANGELES HARBOR, July 20.—The Los Angeles Harbor and Dry Dock Company plant for overhauling and refitting at a cost of \$1,500,000. They will be employed in the run between this port and San Francisco.

FIRE LOSS INCREASES.

(LOCAL CORRESPONDENCE.)
RIVERSIDE, July 20.—Fire losses were greater the last year than in any other of the nineteen years Fire Chief Schneider has been connected with the department, according to a report filed with the City Council today.

The losses amounted to \$56,520, as compared with \$8600 the previous year. The losses on property not insured amounted to \$3600. Chief Schneider suggests that one of the lessons to be learned from the extent of the loss is the importance of raising salaries to attract and keep good men on the force.

Keeping Healthy
in Broiling SunWhen head feels heavy or stomach
is sick, get quick relief with
Dr. Caldwell's Syrup Pepsin

In spite of the lighter foods we
eat during summer months, it
is the season of greatest dyspepsia
and constipation. Many find
it difficult to stand the heat.
They exercise little and are
always tired and half-sick.

It is good policy to take plenty
of ripe fruit and vegetables, lots
of cool, clear water and walks
when the sun has set. But with
all these precautions it is often
impossible to regulate the daily
elimination, with the result that
thousands suffer from constipation,
indigestion and similar ills.

There is nothing better for clogged-up
bowels, for a stomach that refuses to
work, than that well-known combination
of simple laxative herbs with pepsin
known to druggists as Dr. Caldwell's
Syrup Pepsin. It is America's standard
remedy for constipation. It has the great
merit of being sure to act, yet acting
mildly and without griping.

FREE Millions of people of all ages suffer from
chronic constipation. Let them know and
Dr. W. B. Caldwell, 212 Washington Street,
St. Paul, Minn., for a free sample bottle of his wonderful Syrup Pepsin.
8 million bottles were bought at drug stores last year, the largest sale in the history of the medicine.

APPEARS HE CONFIDED IN WRONG MAN

Friend of Old Proves to be Policeman; Arrest of Two Follows.

Francisco Barrios and Joe Sussman, the former a saloon-keeper at Tia Juana, were taken into custody yesterday and lodged in the County Jail on the charge of violating the Volstead law.

Barrios and Sussman, according to the arresting officers, brought twenty-five gallons of whiskey from Tia Juana to Venice, where it was expected to be purchased for the street. It is valued at about \$1500.

The liquor, it is stated, was secured in a false bottom in two Ford automobiles, and it is asserted that when the buyer could be found in Venice, Barrios came to Los Angeles to look up a purchaser, leaving Sussman in charge of the load in Santa Monica, it seems.

Sussman ran across Mr. McDonald, who at one time lived in Tia Juana, but he did not know that McDonald is at the present time a member of the Venice police force. He confided to him that he had a fine cargo of wet goods to sell, and with the return of Barrios the pair were taken into custody.

It is asserted by the prohibition agents that Barrios and Sussman are links in the chain of prohibition law violators who have made a practice of railroading whiskey and other drinks from Mexico to this city and the various beach resorts.

Barrios and Sussman will be arraigned before United States Commissioner Long this morning.

CALLS SLAIN WOMAN WIFE.

(Continued from First Page.)

Shaw, the daughter related, though Mr. Shaw seemed for a time to expect a letter.

Yesterday he and a police officer spent some time interviewing persons who saw a man drive away from the vicinity of the grave about the time when it is believed the woman was slain. An effort was made to get a fair description of this mysterious traveler, so that it may be compared with the appearance of the man Mr. Shaw has named.

A dauphin's suspicions, aroused by a peculiar mound in the river bed sand, led to the discovery of the woman's body. It was after he first noticed this mound, in Mission Valley, near the Old Town bridge, the dauphin reported his suspicions to the police.

They dug and found the body, wrapped in a sheet, a blanket and a gartered and buried under only a thin covering of sand. The face had been mutilated and a shoulder blade crushed. Besides, the body as it lay in the grave was doubled in such a way that the head was pressed against the chest. The only clothing was a pink chemise.

The grave was half a mile from the State highway and it is believed the body was carried that distance and buried by the slayer.

Until Mr. Shaw yesterday made his partial identification, all efforts to pierce the mystery of the death had been fruitless.

JAILS NOT FOR JACK JOHNSON.

Fighting White Slaver Kicks at Nice Cell Here.

Pugilist Makes Triumph Out of His Surrender.

Sure Chicago Friends Have Case All Fixed Up.

(Continued from First Page.)

newspaper reports got out that I had been taken to the jail with my white maid and got into other muck. The Tia Juana would have to leave the country on order of Gov. Cantu.

There was the truth in those reports and I stayed in Mexico longer than I expected just to show that I didn't have to let my white maid and get into other muck. The Tia Juana would have to leave the country on order of Gov. Cantu.

It was during dinner that Johnson first came into personal contact with the Volstead Act, for his beer was near beer. Tasting it inquiringly, he finally drained his glass, remarking that even with that to contend with he was glad to be in the United States.

"I don't drink much anyway," he philosophized. "I've been keeping in good physical trim. I've had a chance to become a citizen of practically every big country in the world, but I never have denied my native land and I've always felt that I would come back and start again."

Johnson had little to say regarding the case on which he was tried in the Chicago District Court for violating the Mann Act, and sentenced to one year in prison and a \$500 fine. The information in the indictment was that he had transported for immoral purposes Bertha Schrieber from Pittsburgh to Chicago. Her testimony in the trial was what convicted him, Johnson said, becoming somewhat bitter.

The case was appealed and the higher court ordered a new trial. Some of the counts in the indictment because it was not shown in the trial that the girl had been transported for commercial gain. Johnson can yet be tried on other counts in the indictment, it was said, in addition to the order for a retrial.

Four months ago he went to Tia Juana, and for several weeks was reputed to be the owner of one of the drinking and gambling places which make up the sole business of the place. This he sold out, he said, although it was reported that even when he came there he was practically penniless and was merely receiving a share of the profits for doing a little daily training skill as an attraction for the American visitors who provide most of the revenue for the town.

Although protesting that he should not be punished for violating the Mann Act since he did not transport the girl for commercial purposes, Johnson is convinced, he says, that the best thing to do is to come back and serve out his sentence. Advice of his friends in Chicago who believe that he could still be a money-maker as a prize fighter in the United States has been largely responsible for this decision, he says.

When he left this country six years ago he jumped a \$30,000 bond posted pending an appeal of his case. The higher court ordered a retrial and it was soon afterward that Johnson went to Europe. He returned to America to fight Jim Willard in 1916 at Havana, Cuba, where he was defeated. The negro now asserts that he was double-crossed in that fight and that he lost on the assurance that the Chicago Federal Court charge would be "fixed" if he would lose.

Following the receipt of a telegram from the Sheriff of Chandler, Ariz., stating that Gibson is probably the same person who murdered a man at Addie, La., some years ago, Acting Sheriff Manning said that the murderer referred to in the telegram was the same admitted by Gibson in his confession. Addie, La., Under-Sheriff Manning explained, was formerly known as Baton Rouge Junction, where, Gibson admitted he killed a man he called J. R. Revie and for which he said a reward of \$1000 was posted for his arrest.

Investigation by The Times yesterday in West Baton Rouge Parish brought to light the record of the murder of J. R. Rivett there by an unknown man ten years ago. Gibson was suspected. No reward was ever offered. West Baton Rouge is across the river from the town of Baton Rouge.

Additional corroboration of Gibson's confession to having committed the Philerton crime was contained in a message from the Sheriff of San Diego, who said he had found the watch stolen from Mr. Trapp, where Gibson said he had hidden it.

POLICE TRAIL SECOND NEGRO.

Want Elover in Magee Case as Parole Violator.

Giving a new turn to the case of Clyde M. Spinning, who eloped with 13-year-old Elizabeth Magee, a telegram was received yesterday by Chief Deputy Sheriff Manning from Warden M. P. Capp of the Colorado State Reformatory at Buena Vista, stating that Spinning, alias Bissell, was wanted there for violation of his parole. The telegram further states that while there is no desire to interfere with the prosecution here of any charge against the man, yet if he is returned to the Colorado authorities he will be given a long term of confinement.

Mr. Manning said the matter had been submitted to Dist. Atty. Woolwine.

Spinning appeared before Justice Bowser yesterday afternoon. His bail was raised from \$3000 to \$10,000 and he was released on a \$1000 cash bond, charged of embezzlement was set for next Monday. The specific charge against the man is that he took a \$1000 Liberty Bond from his mother-in-law, Mrs. C. C. Magee. He declares the bond was loaned to him.

He denied vigorously that his wife had deserted him, saying that she had gone on ahead a few days ago and would meet him here. Practically all his effects had been sent to Chicago several days ago. His personal luggage consisted of three suitcases which bore labels of the many countries he has visited in his exile from the United States.

It was during dinner that Johnson first came into personal contact with the Volstead Act, for his beer was near beer. Tasting it inquiringly, he finally drained his glass, remarking that even with that to contend with he was glad to be in the United States.

"I don't drink much anyway," he philosophized. "I've been keeping in good physical trim. I've had a chance to become a citizen of practically every big country in the world, but I never have denied my native land and I've always felt that I would come back and start again."

Johnson had little to say regarding the case on which he was tried in the Chicago District Court for violating the Mann Act, and sentenced to one year in prison and a \$500 fine. FALL KILLS WORKMAN.

Fatal Injuries Result from Drop in Unfinished Elevator Shaft.

Falling down an elevator shaft in the city yesterday reported a fatal injury to a workman. The victim, who was working on the fourth floor of the second story as he was working in the rear of the building, fell into the shaft and was killed. Fellow-workmen summoned him to the scene and he lifted his father into an automobile and drove him to the Receiving Hospital, where he died last night.

Charles E. Kaufman, who says he was employed as a cameraman by Frank Keenan to take four pictures at a salary of \$100 a week and 5 percent of the net profits of production, died suit against Mr. Keenan yesterday, demanding an accounting. He claims Mr. Keenan received a sum in excess of \$100,000 from the Pathe Exchange, Inc., for the exhibition of his mother-in-law, Mrs. C. C. Magee. He demands an accounting, and was returned.

He denied vigorously that his wife had deserted him, saying that she had gone on ahead a few days ago and would meet him here. Practically all his effects had been sent to Chicago several days ago. His personal luggage consisted of three suitcases which bore labels of the many countries he has visited in his exile from the United States.

It was during dinner that Johnson first came into personal contact with the Volstead Act, for his beer was near beer. Tasting it inquiringly, he finally drained his glass, remarking that even with that to contend with he was glad to be in the United States.

"I don't drink much anyway," he philosophized. "I've been keeping in good physical trim. I've had a chance to become a citizen of practically every big country in the world, but I never have denied my native land and I've always felt that I would come back and start again."

When he left this country six years ago he jumped a \$30,000 bond posted pending an appeal of his case. The higher court ordered a retrial and it was soon afterward that Johnson went to Europe. He returned to America to fight Jim Willard in 1916 at Havana, Cuba, where he was defeated. The negro now asserts that he was double-crossed in that fight and that he lost on the assurance that the Chicago Federal Court charge would be "fixed" if he would lose.

Following the receipt of a telegram from the Sheriff of Chandler, Ariz., stating that Gibson is probably the same person who murdered a man at Addie, La., some years ago, Acting Sheriff Manning said that the murderer referred to in the telegram was the same admitted by Gibson in his confession. Addie, La., Under-Sheriff Manning explained, was formerly known as Baton Rouge Junction, where, Gibson admitted he killed a man he called J. R. Revie and for which he said a reward of \$1000 was posted for his arrest.

Investigation by The Times yesterday in West Baton Rouge Parish brought to light the record of the murder of J. R. Rivett there by an unknown man ten years ago. Gibson was suspected. No reward was ever offered. West Baton Rouge is across the river from the town of Baton Rouge.

Additional corroboration of Gibson's confession to having committed the Philerton crime was contained in a message from the Sheriff of San Diego, who said he had found the watch stolen from Mr. Trapp, where Gibson said he had hidden it.

Bond Market

BY C. F. SEIDEL.

Bond Department, Los Angeles Trust and Savings Bank.

Within recent years power company bonds have come into considerable prominence. The ability to economical-ly transmit electrical energy a great distance to generate power is the underlying factor in this industry. With a good water power and a demand for power at satisfactory prices within a reasonable distance of the property, there should be little question as to the success of these companies as a class. A low cost of operating has resulted in large profits in many instances.

Far-seeing financiers look forward to a time when either the price or scarcity of coal will create a tremendous demand for electricity, generated by water power, and there is a growing belief that a better selected and located of such powers will become very valuable. The rapid inroads upon Niagara Falls and the enormous amounts of money which have already been expended in the development of power companies, and the enactment by Congress at its last session of the Federal Power Act, makes available much territory for development by power companies in the enlargement of plants, especially in the West.

The cost of fuel is high and manufacturing centers numerous and the most favorable locations for these companies. In some cases the power is taken into consideration, and the efficiency of water-power for all times to come, and the water supply throughout the year; the location of the plant is enough to industries of a stable character to create a demand for the electricity generated; the likelihood of company after company in the same section; if the water-power is the right to operate the same for a longer period of the life of the bond issue, and finally, the climatic conditions which power is generated and distributed, and the cost of this particular section, should be carefully studied.

With respect to this last: In California, the price of coal and the cost of fuel oil, except in sections favorably located as regards water. This State is practically free from thunder and lightning, and many of the plants are situated in sections of almost perfect weather, all of which is conducive to the maintenance of the mining regions of Mexico, most of the fuel is brought in by donkeys, making the cost of generating steam power and about \$200 per horse-power per year. Many water-power plants can sell power very profitably at \$25 per horse-power.

As to the conductive to economical management in the operating of these plants, it is to be noted that they are naturally free from the danger of fire, and labor disputes, devastating fires, catastrophes in wholesale railroad accidents, and abnormal rises in the price of materials, some, or all, of which factors may be to the disadvantage of other industries.

Bonds issued by one power company, namely the Southern California Edison Company, should be particularly attractive to the investor. This company owns and operates a large system of comprehensive and thoroughly modern system for the generation and distribution of electricity, serving either direct or indirect, over 150 cities and towns, including the cities of Los Angeles, Pasadena, Riverside, San Bernardino, Santa Barbara, Santa Monica, Redlands, Oxnard, Ventura, Visalia, Tulare, and many others. The company operates in ten counties in Southern California, with an area of over 55,000 square miles, and a population of over 1,000,000.

The company is generating plants with a present total capacity of 30,430 horse power, of which 15,820 is hydro-electric. These bonds, part of the \$5,000,000 General and Refunding Bonds, 6 per cent Gold Bonds, "Series of 1914" are available for sale at the Los Angeles Trust and Savings Bank, at 100. Their yield is 7 per cent per annum. The writer in this discussion of the merits of this and other bond issues.

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, July 20.—Prices of popular shares tended irregularly downward at the outset of today's contracted stock market session, becoming firm to strong at midday, but losing some of this advantage on realizing sales in the final dealings. Publication of news of intention of the Pennsylvania Railroad Company to reduce its working force by some 12,000 men occasioned moderate selling of rails at the opening, but reactions held within "fractional bounds." Later, when call loans were freely offered at the fixed rate of 8 per cent, pools in steel, equipment and motors experienced little difficulty in elevating their favorites by one to three points, the advance in a few instances extending beyond these limits. Food and Tobacco issues improved in covering of contracts and the shorts in American Woolen also found it advisable to settle. Sales amounted to 325,000 shares. Banks with extensive western and southwestern connections were the heaviest sellers of money on call and a few time loans for moderate amounts were made at 8 1/2 per cent on prime collateral.

There was less pressure upon the foreign exchange market, but rates on London continued to favor this center. Trading in bonds was light, but broad, embracing many issues, though mainly at irregular prices.

Total sales, par value, were \$1,650,000. Old United States bonds, registered 2's gained 1/2 per cent on call.

FINANCIAL AND TRADE REVIEW.

(Continued From Preceding Page.)

174 acres harvested last year. The condition is 89 per cent of a normal year average, but fourteen points better than one year ago. No material change is noted in the condition of pasture and hay crops during the month of June. Raisin and table grapes suffered from the high temperatures prevailing on June 19-20. Better than normal crops were predicted prior to the heat wave. Plums, apricots and prunes were touched up slightly in some localities, plums suffering the most. The table below will best show the first crop conditions.

July 1, 1920	July 1, 1919	July 1, 1918	
Apples (total crop)	72	70	70
Pears	72	70	70
Cherries	72	70	70
Plums	72	70	70
Apricots	72	70	70
Prunes	72	70	70
Walnuts	72	70	70

French Champion Pugilist Not Up to Pre-War Strength.

CARPENTIER IS NOT OLD SELF.

So Declares French Doctor Who Examined Champ.

Says Effects of War Can be Easily Seen.

Probable that He Will Never Meet Dempsey.

(EXCLUSIVE DISPATCH.) NEW YORK, July 20.—The state of Georges Carpentier's health, which is rumored in Paris to be far below what it was before the war, is causing some concern to boxing critics in the French capital, according to a letter received in the United States from the critic of Box and Boxers, a Parisian sports journal.

LOSES AN INCH. This man, who is an intimate friend of the French idol and has known him since childhood, declares Carpentier has lost one inch in all his measurements since the war, in which the boxer served as an aviator. The terrific strain involved in the air combat and the injuries sustained by Carpentier are said to have been a drain on his vitality, especially at this time, when the French champion is attempting to bring himself back to fighting trim.

According to this friend of Carpentier, there has been an incessant rumor in Paris that Carpentier will never meet Jack Dempsey in a ring. It was not to meet Dempsey, but to stage a triumphal tour through

RUTH WALLOPS ANOTHER HOMER.

(BY A. P. NIGHT WIRE.)

NEW YORK, July 20.—"Babe" Ruth, crack batsman of the New York American League Club, added another home run to his major-league record today when he knocked out his thirty-second home run of the season. The hit, obtained off Pitcher Faber in the first game with Chicago, landed the ball over the right-field stand. There was no one on bases.

The United States that trip to this country was arranged according to the Parisian rumors.

A CHOPPING BLOCK.

In some parts of Paris, the letter continues, it is believed that Carpentier, in his present condition, would be a chopping block for Dempsey. It is believed that Carpentier, in his present condition, would be a chopping block for Dempsey. It is believed that Carpentier, in his present condition, would be a chopping block for Dempsey.

Before Carpentier left for America this trip made an examination of him and said that the Frenchman's face, drawn and haggard in comparison with what it was in olden days, indicated that he was losing strength and weight. The critic's opinion is as follows:

RED LANCELOT PUTS OVER ANOTHER STAKE. (BY A. P. NIGHT WIRE.) KALAMAZOO (Mich.) July 20.—For the third consecutive time in as many weeks, Charlie Valentines piloted Red Lancelot to victory over the stake pacer. He was winner this afternoon in the 2:09 park American event, taking the first and third heats, but losing the second to Symbol S. Forster.

The 1:07 pace was won by Princess Mary, driven by Fleming.

YACHT VICTORIOUS.

(Continued from First Page.)

Every effort to stage a race was made. A brave showing of the third leg was made by the time Shamrock IV was under the guidance of the start. Start, 12:15:48; finish, 1:12:12. Shamrock IV, corrected time, 5:23:12; Shamrock V, corrected time, 5:23:12. Shamrock IV, corrected time, 5:23:12; Shamrock V, corrected time, 5:23:12.

TORIA, July 20.—"I started out this morning as I usually do, hoping to be fortunate enough to win," said Sir Thomas, "but in yachting, as in every other sport, there is no certainty. If there was, there would be no pleasure in it for me."

The great ambition and pleasure in my life is for the best boat to win. I am under good hopes that I will lift the cup this time. I feel after today's sailing that I am justified in hoping."

FROM A SEAPLANE OVER RACING COURSE, July 20.—Variable winds, which now waited advantage to the challenger and then shifted their transient favor to the American's cup defender, made today's race for the international yachting trophy by far the most interesting thus far sailed in New York's outer harbor.

In contrast to the apparent inactivity of the crews of Shamrock IV and Resolute on the first trial of the second event, as viewed from the air, today's spectacle gave the correspondents of the Associated Press and the pilot of his swift-moving aerial observation station as much as they could do to keep up

YIPPEERS TAKE DUCKS DOWN THE LINE TWICE.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, July 20.—Playing airtight ball behind Filmyer and Penner, Sacramento shut out Portland twice today, 2 to 0 and 5 to 0. Bunched hits off Kallio in the second and Compton's homer in the third accounted for Sacramento's runs in the first game. A triple by McGaffigan and singles by Kopp and Ryan gave the Senators two runs in the sixth inning of the second game.

OLYMPIC CLUB PROVIDES FUND.

San Francisco is to Send Athletes to Antwerp.

In Agreeing to the Demand Registers a Protest.

Claims Present Case is Unfair to the West.

(BY A. P. NIGHT WIRE.)

DEL MONTE, July 20.—President William Humphrey of the Olympic Club of San Francisco announced today that he had notified the Olympic Games Committee of the American Amateur Association that the club will provide the \$5000 demanded to assure representation at the Antwerp games. The club was notified the money was needed to defray the athletes' traveling expenses.

"But in agreeing to the demand we registered a protest," declared Humphrey, "we do not think it is right and are furnishing the money only because the club's representatives are in the East and have trained and set themselves to represent the country in the international games."

"The whole system of preparing for the Olympic games is wrong. Under the present system it is not a question of the country being represented by its best athletes but by those from the sections with the most financial support. My recommendation is for the general Olympic Games Committee, of which I am a member, to spend the entire four years between the games in collecting funds. A monthly assessment should be levied on every bona fide athletic club in the country. Then the committee would have sufficient funds to send its best athletes without being influenced by the financial support in back of them."

"This present case is very unfair to the West," he added.

"My contention is that these athletes of ours should be sent on the basis of their ability and not on the basis of the amount of expenses defrayed out of the fund of the general Olympic Games Committee. The Olympic Club will file its protest and I shall take the fight to the committee to devise fairer means for raising funds for the Olympic Games Committee."

BORTON'S BIFF TRIMS ANGELS.

(Continued from First Page.)

and even failed to come through with their customary ninth-inning rally. The third canto loomed up something like a miracle.

Johnny Mitchell shot a sizzler to left for a single. Then, sure as the tide, Chadbourne ambled jauntily to the plate. A ripple ran through the grand stand, "Will Chet sacrifice?" Why burden the world with superfluous questions, especially with one of the game's best sacrificers at the plate. Chet laid it down in perfect style. Brown to Killefer. It was not even close. Fisher, amid groans that sank deep into Angel rooster's throats, gave temporary relief to celestial hopes by tilting a long one to Stats.

It was here that Brown got Babe in the two strikes hole. Now if Borton had struck out, there—but the rule of averages protects good sluggers from their heart-rending stunts. Borton inclined on the old Bermuda as it came along in tempting ripeness and away it boomed toward the bleachers. It looked for a moment as if it were going to clear the first row, but something caused it to change its mind for it hit about ten feet in front of the boards and jumped clear over them. That might dim, as we have already declared, put the kibosh on Angelo's aspirations and made the Killefer cohorts as gentle as doves thereafter.

SCORE ONLY ONE.

The Angels scored their only run in the first inning when, with the bags full and one out, Basler filed home after the catch. Chet's peg was true but Dr. Yormer messed it up allowing Stats to slide home O.K. In the third inning Basler claimed he was hit on the left thumb by a pitched ball. The umpire called a strike on Johnny and then a few moments later, after the third inning the coals of out, he got into a rumble with Eason and was ordered out of the game. Pete Lapan displacing him.

The contest lacked the usual fun and froth that characterized former arguments between these rivals. After the third inning the coals of contention simply smoldered and

KLAWITER FLATTENS WELTON.

George Klawiter defeated Jay Welton in a challenge handball match at the L.A.A.C. yesterday. The scores were 21-14, 12-21, 21-9. P. E. Garbutt was victor over Ernie Clark.

SEATTLE PONCES ON THE MORMONS.

(BY A. P. NIGHT WIRE.)

SALT LAKE CITY, July 20.—Seattle bunched hits off three Salt Lake pitchers for a 10 to 4 victory. Kenworthy and Zamloch knocked home runs in the same inning.

Tubes that are Worth Insisting Upon

The wall of the Goodyear Heavy Tourist Tube is thick, powerful and densely knit—as nearly absolutely impervious to air as it is possible for rubber to be.

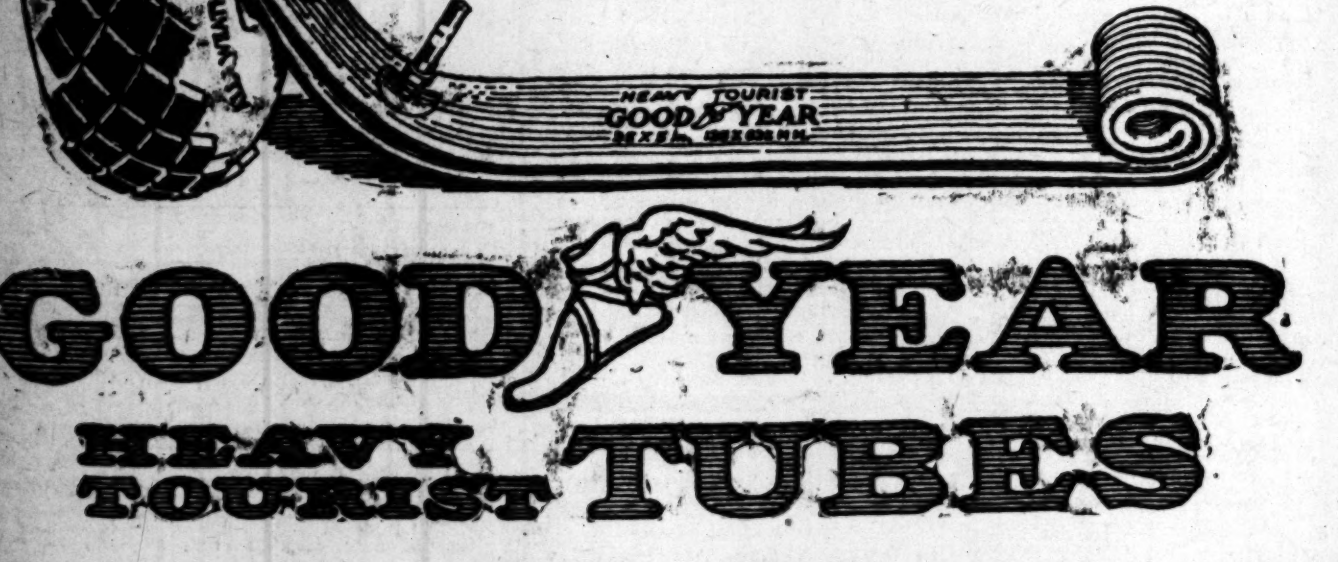

It is made not of one sheet of heavy rubber merely, but of many thin sheets built up layer-upon-layer and vulcanized inseparably together, a construction which prevents porosity and imperfection.

The cross-grain texture of this remarkable construction protects the tube against ripping, and makes its body leakless, elastic and virile.

Even the valve-patches are vulcanized in, instead of merely being stuck on, and each tube is tested for twenty-four hours before leaving the factory.

Built to be relatively as superior to ordinary tubes as Goodyear Cord Tires are to ordinary tires, Goodyear Heavy Tourist Tubes are well worth insisting upon.

Their initial cost is no more than the price you are asked for tubes of less merit—why risk costly casings when such sure protection is available?

Words of Praise for McBurney's Kidney and Bladder Medicine

This is to certify that I, M. A. Holmes, a barber at 1115 15th street, do hereby recommend to anyone who has any kidney or bladder trouble McBurney's Kidney and Bladder Medicine.

About two months ago I was taken sick with pain in my back and kidneys, and I tried everything recommended for my trouble—all to no avail. I was given up to die. I purchased a bottle of McBurney's Kidney and Bladder Medicine and found relief in one day. I am now in good health. I am a thankful that I got relief from McBurney's Kidney and Bladder Medicine and am now in good health. I am a thankful that I got relief from McBurney's Kidney and Bladder Medicine and am now in good health.

Yours,
M. A. HOLMES.

McBurney's Kidney and Bladder Medicine

is a natural specific in Albuminuria and Bright's Disease. Uric acid poisoning shows itself in Gout and Rheumatism, also Stomach and Bladder, Bright's Disease, Neuralgic Affections, Nervous Prostration, Nervous Headache, Mental Depression, Dyspepsia, Eczema. McBurney's KIDNEY AND BLADDER MEDICINE dissolves and washes out of the system uric acid deposits, and is recommended for troubles of uric acid origin.

W. W. Curtis writes: Mr. W. F. McBurney—Dear Sir: I wish to thank you for the relief I obtained from the use of your Kidney and Bladder Medicine. I suffered from rheumatism for 35 years. A half bottle of McBurney's Kidney and Bladder Cure entirely relieved me. It is with pleasure that I recommend your medicine to others that are afflicted as I was.

W. W. CURTIS.
No. 328 North Main Street, City.

STAGE BECKONS STAR.

MILDRED CHAPLIN HAS OFFER FROM WOODS.

By Grace Kingsley.

When Mildred Harris Chaplin locks the door of her pretty dressing-room at the Louis B. Mayer studio, some time during the next fortnight, and trips down the stairs for the last time before starting her summer vacation, it's possible she won't see the studio again for six months. Also it is possible that she really won't have any vacation at all. She is going to New York, but the exact date has not yet been decided.

Fact of the matter is that Mrs. Chaplin has received an urgent offer from A. H. Woods, New York theatrical producer, to appear in a new play on Broadway. He has, in fact, a play in mind which he claims suits the small blonde star, and yesterday she received another telegram from him, revealing further details of his offer.

One detail has to do with her salary, and while Mrs. Chaplin refused to make known the amount, it is understood that Woods "sees" Mayer, and has him one better. Of course, arrangements would have to be made with Mr. Mayer for Mrs. Chaplin's absence from the studio for the proposed period of six months during which Mr. Woods guarantees the play will run, but this, said Mrs. Harris, Mrs. Chaplin's mother, yesterday, would probably be amicably arranged. Final decision will not be made until Mrs. Chaplin and her mother reach New York.

In case she decides to go on the stage, says Mrs. Chaplin, she expects to study and work harder than ever in her life. She will take an intensive course in voice culture and expression, lasting a few weeks, and will then start rehearsals. Because she says, while pictures require certain talents, the stage has still other requirements, and the two are really separate arts.

In any event, Mrs. Chaplin expects to be absent three months, and she will make her next picture from First National in New York. She feels she needs the change of environment. In case she does not go on the stage, she will in all probability take a trip to Europe, following the example of other venturesome souls.

By the way, the star yesterday received a wire from the First National office in New York to the effect that "The Woman in the House," her latest picture, is considered the greatest hit of her career.

Concerning her domestic affairs it is understood, and indeed Mrs. Harris made the statement for her daughter, that Mildred intends taking no action for divorce against her famous comedian husband.

Clarence Burton Star. Clarence Burton is the latest addition to the all-star cast of Cecil B. de Mille's company. Work is going ahead on the latest special production of the famous producer. Burton will share honors with Ann Forrest and Forrest Stanley in the trio of principal roles.

Other members of the cast are Theodore Kosloff, Kathryn Williams, Theodore Roberts, Shannon Day and Bertram Johns.

Mayer Not Vacation. Louis B. Mayer isn't going to take a vacation this summer, by a long way. In fact he's going to work harder than ever, for he will prepare for the introduction of several new companies producing that type of pictures known as special, spelled with a capital "S," next fall. To that end he will go to New York and buy a number of new plays and stories. The studio is to be improved by the erection of additional stages, dressing-rooms, etc.

Mr. Mayer announced yesterday that he would have either four or five of these special production companies at work soon after September 1. One will start that date on visualization of Harold McGrath's "Drums of Jeopardy," and soon thereafter other companies will begin work on screen versions of twelve of James Oliver Curwood's stories, the film rights to which Mr. Mayer recently purchased from William N. Selig. These will be done with all-star casts, and will be released by First National.

Who the directors are to be to make these specials, Mr. Mayer has not yet ready. In the meantime, incept as regards John Stahl, who has already directed a number of Mayer pictures, and who will be retained.

Sol Lesser's Clarion Tones. And speaking of First National, Sol Lesser announces, in a clear, firm voice, that Charlie Chaplin's next vehicle will shortly be ready for exhibition.

Pool in Christ Role. Reginald Pool, noted English actor and producer, is now playing the role of the Christ in the "Passion Play" at the El Camino Real Amphitheater in Hollywood. Mr. Pool assumed the role Monday night, replacing Henry Herbert, who was called away to fulfill certain professional contracts.

A nephew of William Pool, noted London theatrical producer, and himself well known as an artist, Reginald Pool is said to have achieved an artistic triumph in the role of the Christ.

An interesting fact concerning the career of Mr. Pool is that he was at one time a clergyman, but, feeling that there were great opportunities for the dissemination of the truth through the drama, he entered that field, and in standing for all this was finest in the theater, has been sponsor and prime mover in a number of high-class theatrical ventures throughout this country and England, and especially in connection with the Little Theater.

Dorothy Phillips III. Dorothy Phillips, who is playing the lead in Allen Holubar's current production, to be called "The Trial of the Nation," is confined to her home with a severe cold, bronchitis threatening. She was reported a little better yesterday, however, and it is hoped she will be able to resume work next week.

Preview Note. A preview of a new picture play entitled "The Sacred Flame," was given yesterday morning at Clune's Broadway for the special benefit of a large group of clubwomen. The play stars Emily Stevens and Muriel Starbird, and in the leading roles both stars have excellent opportunity for strong dramatic acting. The photoplay proved to be a genuinely human one, full of striking and poignant appeal.

Metro Announces. Bayard Veiller has completed his first original story for Metro. It is a melodrama and will be called "He Tried To Be King." Albert Shelby Le Veno is at present adapting it for the screen, and it will be filmed as an all-star production.

De Haven Plans. De Haven Plans. Further word concerning Carter

Sisterly Affection? Well, Hardly!

Norma and Natalie Talmadge.

In emotional episode from "Yes or No" this week at Kinema.

De Haven's intended production activities were received yesterday, when it became known that following the taking of "Twin Beds" to New York, as soon as it is cut and titled, he will return, and launch forth on more extended production. It is possible he may produce with two companies at that time, instead of one.

While in New York Mr. De Haven will enter into negotiations for the purchase of some well-known plays and stories. It is understood he has one such now, on which he is already, indeed, starting casting.

DIRECTS FOR SPECIAL.

Reggie Morris to Supervise Comedy Features.

Reggie Morris, comedy director, who produced "Married Life" for Mack Sennett, and has just finished a series of fun features for Christie, has signed a contract with the Special Pictures Corporation. He will head the directorial staff for "Comedias," which are to be released twice monthly by the corporation.

Morris was originally a stage comedian, appearing with Richard Carle, George M. Cohan, and Kitty Gordon in musical productions. His screen career began with the old Biograph company. He began his directorial activities with Universal, and was soon signed by Mack Sennett.

CAPABLE PLAYERS IN MACDONALD CAST.

The supporting cast for Katherine MacDonald in her next starring feature "The Second Latchkey," has been announced by Sam Rork. Those who will appear are Edmund Lowe, Claire Du Brey, John Davidson, Howard Gaye, Helena Phillips and Lenore Lynard. Mr. Rork also states that Edwin Ararose will play the role of David M. Hartford, as previously announced.

Miss MacDonald will play the role of Annesley Grayle, one of the strongest characters ever conceived by C. N. and M. Williamson, authors of the story. Edmund Lowe will be seen as the American adventurer and hero, and Claire Du Brey will take the part of the Spanish South American countess. Howard Gaye, Lenore Lynard, and Helena Phillips have been assigned to important roles. Production is scheduled to begin the latter part of this week.

DENIES HIS COMPANY OPPOSES DE BRABANT.

SHIP CONCERN'S HEAD TALKS OF BOARD APPOINTMENT AND BUILDING PLANS.

Emphatic denial that the Pacific Steamship Company is in any way opposing the appointment of Mack De Brabant to this city as a member of the Shipping Board was made yesterday by A. F. Haines, president of the Shipping Board, during a visit to Maynard McElie, president of the Chamber of Commerce. Mr. Haines, who is here on business, said that as the report of opposition to Mr. De Brabant had gained wide circulation he felt a denial should be made.

The principal object of Mr. Haines' visit here is to lay before the Los Angeles and the Southern shippingbuilding companies the plans for two large passenger vessels for service on the Pacific Coast.

Mr. Haines said last night that these ships will cost about \$4,000,000 each and will be 550 feet long, with a capacity of 600 passengers apiece. Electrically-driven engines are expected to give them a speed of twenty-three knots an hour. They are, moreover, to be equipped with gyroscopic stabilizers to prevent rolling. The craft are destined for the run between Los Angeles and Puget Sound ports.

Bids will be asked from local builders and plans have already been started at yards in the East. Mr. Haines said construction work is to start as soon as bids have been considered.

He expressed surprise at the extent of the wharfrage and the channels this harbor, but said the channels should be made wider and more facilities for handling freight should be provided.

GALE HENRY'S PLANS. Gale Henry, who recently signed the Special Rights to a picture for twelve two-reel comedies a year, will start production next Monday.

RADIOS.

NORMA IN COWL PLAY.

MISS TALMADGE SOON TO MAKE SCREEN VERSION.

By Edwin Schallert.

Those who see Jane Cowl in "Smilin' Through" next week at the Mason will shortly have a chance to behold another favored star in a screen version of this drama. Norma Talmadge, it seems, has purchased the screen rights and plans to film the drama in a very short time.

It would appear that Miss Talmadge is making a special bid for stage productions, as virtually all her recent acquisitions in material are from that source. One of the most noteworthy was the purchase of Channing Pollock's "The Sign on the Door," which she is now working on. She is now working on "The Sign on the Door," which she is now working on.

It is again announced that Miss Talmadge is contemplating a trip to Europe, which will probably be made upon finishing "Branded." This feature is to be her next release following "Yes or No" now showing locally.

"Four Horsemen" Under Way. Work on "The Four Horsemen of the Apocalypse" is in full swing at the Metro studios, with Rex Ingram directing. The scenes on the South African plantation are now being shot at the studio. A very realistic setting has been constructed.

Kinema Improvements. It is understood that the Kinema Theater will close within the next five or six weeks for projected improvements, including the enlargement of the stage and orchestra pit. The house is to be fitted out for the presentation of very elaborate music and dramatic features and will remain closed for three or four weeks during these improvements.

In De Mille Picture. Ann May has been engaged by Cecil B. de Mille for a role in his new picture, tentatively called "The Other Wife." Miss May recently completed work in "Wanted: A Henchman," in which Bryant Washburn was starred.

"THE MAN WHO LOST HIMSELF."

Photofeatures are announced for early showing at the California Theater in a telegram received from Samuel Goldwyn, by Fred Miller, manager of the house. Among these pictures are the film version of Gouverneur Morris' "The Penalty," in which Lon Chaney, noted for his performance in "The Miracle Man," has the feature role of a restless master criminal; "Madame X," with Pauline Frederick starred; Mary Roberts Rinehart's "The Great Life," "The Girl with the Jazz Heart," starring Madge Kennedy; "The Man Who Has Everything," with Jack Pickford featured; Tom Moore's "Officer 666," Reginald Barker's production, "The Branding Iron," "What Happened to Ross," with Mabel Normand as the stellar luminary; Basil King's "Earthbound," Rex Beach's "The North Wind's Malice," "Milestones," Will Rogers in "Old Hutch," "His Own Law," starring Hobart Bosworth, and the photoplay version of George Ade's "Just Out of College." Many of these pictures will be given a pre-release showing here.

Elva Ryan Headliner. Elva Ryan, who succeeded Laurette Taylor in "Peg o' My Heart" on the road, will be the headliner at the Orpheum beginning this week at Clune's Broadway. She is being heard in her own original interpretation of latest song numbers.

Miss Kirkham at Balboa. Kathleen Kirkham is vacationing at Balboa Beach, and incidentally reading over a number of books and stories to make a selection for pictures which are to be produced by her own company, now organizing.

Another Morocco Play. Another new Morocco play will have its local premiere next Sunday. This time it is the Morocco Theater, which will be the scene of the event. The new piece is Eleanor Holmes Hinkley's "The Claim-Digger." The present attraction at the house, "The Naughty Wife," will close Saturday night.

Child Singer at Clune's. Thelma Crocker, child songstress, is helping to entertain audiences this week at Clune's Broadway. She is being heard in her own original interpretation of latest song numbers.

"Furnace" Completed. The production of "The Furnace," directed by William E. Taylor, has been completed at the Famous Players-Lasky studio. This feature required some three months.

Frankie Lee to Talk. Frankie Lee, the little movie favorite, who has the role of the crippled boy, in George Loane Tucker's "The Miracle Man," which is playing a special return engagement at Miller's Theater this week, will, it is announced, make a personal appearance at the theater tonight, and tell his friends why he became a movie star instead of training to be a policeman or a baseball player.

ANIMALS CAVORT IN CLEVER COMEDY.

Animal troupers are adding new lustre to their reputation for naturalness at the Alhambra Theater this week, where one of the most original comedy conceptions, "Four Times Foiled," is having a second-run showing. This picture is a Chester subject, and is decidedly clever in plot. The kidnapping of a child by three human beings and its rescue by three animal friends provide the ground work of the story, and around this idea is built a series of thrilling events that fascinate the beholder, and also prove a source of amusement. The principal actors are Baby Arthur Novell, Alexander, the chimpanzee, Juno, the dog, and Buster, the horse.

The additional feature on the program is a gay little comedy starring Shirley Mason. Again this blithe young star appears as a tomboy type, and gets into all sorts of adventure and mischief. The support is capable, those included being Raymond McKee, Edwin Booth, Little Leslie, and others.

The bill at the Alhambra is a good cheer bringer.

DANCES IN LINDER FILM. Lola Gonzales, who attracted attention by her dancing in an oriental production at the Superba Theater, has a Terpsichorean scene in "Seven Years Bad Luck," Max Linder's new feature comedy. The French comedian saw Miss Gonzales' work in "The Virgin of Stamboul" and signed her for an important role in his

WORK IS ENDED
BY EQUALIZERS.

Relatively Few Complaints on
Assessments Heard.

Final Setting of Tax Rate Now
Waits on Auditor.

Great Increase is Shown in
Nonoperative Property.

The County Board of Equalization finished yesterday its work of equalizing the assessment roll for 1920. Very few changes were made. There were less than 400 complaints against the 1,000,000 and more valuations fixed by the Assessor's office. Several thousand people visited the board's rooms, investigated their assessments and left without making complaints.

Assessor Hopkins reported that his totals are not completed, but sufficient progress has been made to show that the nonoperative property in Los Angeles county will show an increase of practically \$10,000,000 of which \$10,000,000 is within the city.

However, the rate of taxation for the county, city and several school districts cannot be made until the Auditor refutes the books after equalization. The figures of the Assessor's office are unofficial, as far as rate-fixing purposes are concerned. The figures in detail will show that the increase in valuation will be divided among real estate, improvements and personal property, the improvements showing the greatest increase.

The grand total assessment, in-

SCHOOL BONDS
DRAW PREMIUMS.

Supervisors Sell Blocks of Securities of Glendale and of Long Beach.

School bonds totaling \$322,000 were sold by the Board of Supervisors yesterday. Staats & Co. and the Security Trust and Savings Bank bought Glendale city 6 per cent school bonds valued at \$22,000, paying a premium of \$200.

The Security Trust and Savings Bank bought a \$100,000 block of Long Beach city high school 6 per cent bonds at a premium of \$507.

The same bank gave a premium of \$1003 for a \$200,000 block of a 6 per cent Long Beach city issue for school purposes.

ARMY OFFICER'S WIFE
IS CLAIMED BY DEATH.

SPEED OF TRANSPORT IS UN-
ABLE TO SAVE LIFE OF
WELL-KNOWN WOMAN.

Friends and service associates of Col. Louis Chappelle were saddened yesterday to learn that his dash across the Pacific from Manila to San Francisco, bringing his wife to a California hospital in hopes of saving her from a malady contracted in the Philippines, proved unavailing. Mrs. Chappelle passed away yesterday at the Letterman Hospital in San Francisco, two days after the transport, breaking all its former speed records to bring her a few hours sooner to expert surgical care, reached the city.

Col. Chappelle and his late wife have a host of friends in army and social circles in California. More than twenty years ago Col. Chappelle, then a captain, commanding a company of the old California Seventh Regiment, left Los Angeles on its way to the Spanish-American War. He served with his company in the Philippines and was decorated and won a lieutenant's commission in the Regular Army.

Mrs. Chappelle's maiden name was Miss Florence Peabody. Her parents reside in Seattle. She was married to Col. Chappelle in Alaska, in 1904. During the war Col. Chappelle and his wife resided in Washington, D. C., where the colonel occupied an important position in the office of the Adjutant-General.

Mrs. Chappelle leaves a son, Louis Chappelle, Jr., 7 years old. The interment will take place at the Presidio in San Francisco on Thursday.

Many Here Sign
State Highway
Bond Petition.

Of the 90,000 signatures on the initiative petition providing for an increase in the rate of interest on State highway bonds, Chairman Dodge of the Board of Supervisors stated yesterday, 25,000 names were obtained in Los Angeles county. About 55,000 names are required to place the initiative measure on the ballot in November.

A majority vote in favor of the amendment in November is necessary to raise the interest on the highway bonds and make them marketable. The present rate of interest on the bonds is 4 1/2 per cent and it is desired to increase it to 6 per cent.

ATTORNEY AND JUDGE
TALK BY WIRELESS.

For the first time in the history of the Superior Court, one of the judges received a wireless telephone call yesterday. The call came from Avalon, and the speaker was Arthur Wright, attorney for the wireless company, who pledged his support to the candidacy of Judge Jackson, a friend of long standing. The judge is a candidate for re-election. He said he could hear Mr. Wright very plainly indeed.

AUTOS GET FOUR
VICTIMS IN DAY.

Two Men, Two Children are
Badly Injured by Cars.

Six-Year-Old Girl and Aged
Man May Succumb.

Father of One Child Faints at
Seeing Smash.

Two men and two children were seriously injured yesterday in traffic accidents in and near the city and were all treated by police surgeons at the Receiving Hospital. Of the four, one of the men and a little girl may die as the result of their injuries.

The first to be injured was Frances Perin, 6 years of age of 3043 East Sixth street. She was run down by a motor truck driven by E. E. Aselpine of 1203 West Thirty-sixth street, almost in front of the Perin home. Mrs. Perin, the girl's father, witnessed the accident and believing that his daughter was killed, fainted at the Receiving Hospital. The child was treated for possible internal injuries, lacerations of the legs and hip and other injuries.

David Solomon, 40 years of age, of 1558 West Jefferson street was painfully, if not seriously injured, late yesterday when he was struck down by an automobile operated by A. J. Miller of 2019 West Forty-first street. The accident, which took place at Twelfth street and Towne avenue, resulted in Mr. Solomon receiving possible internal injuries and concussion of the brain.

August Koehler, 66 years of age, of the Santa Rosa Hotel was painfully injured when he was struck down by an automobile at Fourth and San Pedro streets. He was treated at the Receiving Hospital for shock and concussion.

Santo Martinez, 6 years of age, of Owensmouth, was seriously injured near his home when he was struck down by an automobile. The child was attempting to run across the boulevard in front of several automobiles when the accident took place. The police failed to learn the name of the automobile driver. The child was rushed to the Receiving Hospital and treated for a fracture of the left leg and other injuries.

Judge Fines Man
For Not Keeping
Liquor at Home.

James Ables, who conducts a country store on the edge of the Indian Reservation, at Rainbow, San Diego county, pleaded guilty to having a quantity of liquor in his possession and was fined \$150 by U. S. District Judge Tripp yesterday. It was conceded that Ables did not sell the stuff and that he had it for his own use, but he made the mistake of having it stored in his place of business instead of his home, some distance away. It was in "a public place," prohibited by the law.

RELIC IN LAWSUIT.

Venerable Certificate of Title is of
Vivid Interest to Court.

Judge Jackson, who is an antiquarian in matters concerning California, was very much interested yesterday when Attorney John T. Curtin, in a quiet title suit, handed him a certificate of title drawn up in 1887.

"This is a relic which should not be lost in the files," said the court. He advised Mr. Curtin to retain it. The certificate of title was prepared by J. A. Graves and H. W. O'Melveny when they were law partners and had offices in the Law Building at Temple and New High streets. It covered a lot in the Brooklyn-avenue tract bought by tax title by Robert Fowler, a policeman. Mr. Fowler died twenty years ago. Yesterday his son, Robert W. Fowler, came into court to quiet title. The decree was issued.

SLIPS ON CURB.

Slipping on the curbing at Second and Main streets yesterday, Ed C. Foster, a clerk at the City Hall, suffered a heavy fall and fractured his left knee. The injured man was taken to the Crocker-Street Hospital.

In These Days

—when the lure of outdoor life is so strong, we should more than ever protect the eyes from terrific glare and strain.

—“Crookes” lenses, “A,” light, and “B,” dark, in plain lenses, or made to your prescription, absorb all harmful rays while giving the full strength of normal, strong light. They are not conspicuous like the ordinary outdoor glasses.

—Come in and let us explain fully the protective properties of these famous lenses.

Closed Saturdays 12:30 Until October.

WORK IS ENDED
BY EQUALIZERS.

Relatively Few Complaints on
Assessments Heard.

Final Setting of Tax Rate Now
Waits on Auditor.

Great Increase is Shown in
Nonoperative Property.

The County Board of Equalization finished yesterday its work of equalizing the assessment roll for 1920. Very few changes were made. There were less than 400 complaints against the 1,000,000 and more valuations fixed by the Assessor's office. Several thousand people visited the board's rooms, investigated their assessments and left without making complaints.

Assessor Hopkins reported that his totals are not completed, but sufficient progress has been made to show that the nonoperative property in Los Angeles county will show an increase of practically \$100,000,000, of which \$100,000,000 is within the city.

However, the rate of taxation for the county, city and several school districts cannot be made until the Auditor refutes the books after equalization. The figures of the Assessor's office are unofficial, as far as rate-making purposes are concerned. The figures in detail will show that the increase in valuation will be divided among real estate, improvements and personal property, the improvements showing the greatest increase.

The grand total assessment, in-

SCHOOL BONDS
DRAW PREMIUMS.

Supervisors Sell Blocks of Securities of Glendale and of Long Beach.

School bonds totaling \$322,000 were sold by the Board of Supervisors yesterday. Staats & Co. and the Security Trust and Savings Bank bought Glendale city 6 per cent school bonds valued at \$122,000, paying a premium of \$206.

The Security Trust and Savings Bank bought a \$100,000 block of Long Beach city high school 6 per cent bonds at a premium of \$507.

The same bank gave a premium of \$1003 for a \$200,000 block of a 6 per cent Long Beach city issue for school purposes.

cluding all property in the county will show a valuation in excess of \$1,200,000,000.

ARMY OFFICER'S WIFE
IS CLAIMED BY DEATH.

SPEED OF TRANSPORT IS UN-
ABLE TO SAVE LIFE OF
WELL-KNOWN WOMAN.

Friends and service associates of Col. Louis Chapplear were saddened yesterday to learn that his dash across the Pacific from Manila to San Francisco, bringing his wife to a California hospital in hopes of saving her from a malady contracted in the Philippines, proved unavailing. Mrs. Chapplear passed away yesterday at the Letterman Hospital in San Francisco, two days after the transport, breaking all its former speed records to bring her a few hours sooner to expert surgical care, reached port.

Col. Chapplear and his late wife have a host of friends in army and social circles in California. More than twenty years ago Col. Chapplear, then a captain, commanded a company of the old California Seventh Regiment, left Los Angeles on its way to the Spanish-American War. He served with his company in the Philippines, was decorated and won a lieutenant's commission in the Regular Army.

Mrs. Chapplear's maiden name was Miss Florence Peabody. Her parents reside in Seattle. She was married to Col. Chapplear in Alaska, in 1904. During the war Col. Chapplear and his wife resided in Washington, D. C., where the colonel occupied an important position in the office of the Adjutant-General.

Mrs. Chapplear, Jr., 7 years old, The interment will take place at the Presidio in San Francisco on Thursday.

Many Here Sign
State Highway
Bond Petition.

Of the 50,000 signatures on the initiative petition providing for an increase in the rate of interest on State highway bonds, Chairman Dodge of the Board of Supervisors stated yesterday, 25,000 names were obtained in Los Angeles county. About 55,000 names are required to place the initiative measure on the ballot in November.

A majority vote in favor of the amendment in November is necessary to raise the interest on the highway bonds and make them marketable. The present rate of interest on the bonds is 4 1/2 per cent and it is desired to increase it to 5 per cent.

ATTORNEY AND JUDGE
TALK BY WIRELESS.

For the first time in the history of the Superior Court, one of the judges received a wireless telephone call yesterday. The call came from Avalon, and the speaker was Arthur Wright, attorney for wireless company, who pledged his support to the candidacy of Judge Jackson, a friend of the judge. The judge is a candidate for re-election. He said he could hear Mr. Wright very plainly indeed.

AUTOS GET FOUR
VICTIMS IN DAY.

Two Men, Two Children are
Badly Injured by Cars.

Six-Year-Old Girl and Aged
Man May Succumb.

Father of One Child Faints at
Seeing Smash.

Two men and two children were seriously injured yesterday in traffic accidents in and near the city and were all treated by police surgeons at the Receiving Hospital. Of the four, one of the men and a little girl may die as the result of their injuries.

The first to be injured was Frances Perin, 6 years of age of 2043 East Sixth street. She was run down by a motor truck driven by E. P. Asplund of 1233 West Thirty-fifth street, almost in front of the Perin home. Ira Perin, the girl's father, witnessed the accident and believing that his daughter was killed fainted. At the Receiving Hospital the child was treated for possible internal injuries. Lacerations of the legs and hip and other injuries.

David Solomon, 60 years of age, of 1538 West Jefferson street was painfully, if not seriously injured, late yesterday when he was struck down by an automobile operated by A. J. Miller of 2015 West Forty-first street. The accident, which took place at Twelfth street and Towne avenue, resulted in Mr. Solomon receiving possible internal injuries and concussion of the brain.

August Koehler, 46 years of age, of the Santa Rosa Hotel was painfully injured when he was struck down by an automobile at Fourth and San Pedro streets. He was treated at the Receiving Hospital for shock and concussion.

Santo Martinez, 6 years of age, of Owensmouth, was seriously injured near his home when he was struck down by an automobile. The child was attempting to run across the boulevard in front of several automobiles when the accident took place. The police failed to learn the name of the automobile driver. The child was rushed to the Receiving Hospital and treated for a fracture of the left leg and other injuries.

Judge Fines Man
For Not Keeping
Liquor at Home.

James Ables, who conducts a country store in the city of the Indian Reservation at Rainbow, San Diego county, pleaded guilty to having a quantity of liquor in his possession and was fined \$150 by U. S. District Judge Tripp yesterday. It was conceded that Ables did not sell the stuff and that he had it for his own use, but he made the mistake of having it stored in his place of business instead of his home, some distance away. It was in "a public place," prohibited by the law.

RELIC IN LAWSUIT.

Venerable Certificate of Title is of
Vivid Interest to Court.

Judge Jackson, who is an antiquarian in matters concerning California, was very much interested yesterday when attorney John T. Curtin, in a quiet title suit, handed him a certificate of title drawn up in 1837.

"This is a relic which should not be lost in the files," said the court. He advised Mr. Curtin to retain it. The certificate of title was prepared by J. A. Graves and H. W. O'Melveny when they were law partners and had offices in the Law Building at Temple and New High streets. It covered a lot in the Brooklyn-avenue tract bought by tax collector Robert Fowler, a policeman. Mr. Fowler died twenty years ago. Yesterday his son, Robert W. Fowler, came into court to quiet title. The decree was issued.

SLIPS ON CURB.

Slipping on the curbing at Second and Los Angeles streets yesterday, Ed C. Foster, a clerk at the City Hall, suffered a heavy fall and fractured his left knee. The injured man was taken to the Crocker-street Hospital.
